Skýrsla og yfirlýsing stjórnar og forstjóra

Dagar hf. er þjónustufyrirtæki í ræstingum, fasteignaumsjón og tengdri þjónustu.

Ársreikningur Daga hf. fyrir árið 2025 er gerður í samræmi við alþjóðlega reikningsskilastaðla (IFRS) eins og þeir hafa verið staðfestir af Evrópusambandinu. Allar tölur í ársreikningnum eru í þúsundum króna.

Meðalfjöldi stöðugilda hefur fækkað í 521, frá 588 á árinu á undan. Á árinu 2025 var kynjahlutfallið 21% karlar og 79% konur samanborið við 19,2% karlar, 80,65% konur og 0,15% kynhlutlaust á árinu 2024. Í árslok 2025 er kynjahlutfallið í stjórninni 66,7% karlar og 33,3% konur.

Samkvæmt rekstrarreikningi var rekstrarhagnaður ársins 2025 336,4 millj. kr. (2024: 367,8 millj. kr.) Heildarafkoma ársins 2025 var 179,8 millj. kr. (2024: 189,1 millj. kr.) og eigið fé félagsins í árslok 2025 var 768,3 millj. kr. samkvæmt efnahagsreikningi (2024: 601,1 millj. kr.) Vísað er til ársreikningsins varðandi ráðstöfun hagnaðar og aðrar breytingar á eiginfjárreikningnum. Stjórn félagsins leggur til að ekki verði greiddur arður til hluthafa á árinu 2026.

Í lok árs 2025 voru hluthafar 17 samanborið við 18 í lok fyrra árs. Tíu stærstu hluthafar félagsins í árslok eru eftirfarandi:

	Hlutir*
Pólaris ehf.	27,79%
Hafsilfur ehf.	9,36%
Sjávarberg ehf.	9,36%
Flatarberg ehf.	9,36%
Poleved Industrial Performance AB	6,61%
Patrick De Muynck	6,55%
Per Setterberg	6,50%
Klettur fjárfestingar ehf.	6,49%
Alan John Inglis	3,31%
Simon John Wheatley	3,30%

* Að teknu tilliti til eigin hluta

Hlutfé félagsins nam 5.152.896 kr. í árslok 2025, líkt og í árslok 2024. Í lok árs 2025 átti félagið eigin hluti að nafnverði 396 þúsund kr. samanborið við 360 þúsund kr. í lok árs 2024. Á árinu 2025 keypti félagið eigin hluti af fyrrverandi starfsmönnum. Nafnverð hlutanna nam 36 þúsund kr. og heildarfjárhæð sem greidd var fyrir hlutina nam 12,6 millj. kr.

Hlutfénu er skipt í tvo flokka, flokk A og flokk B. Hluthafar í flokki B hafa forgang á arðgreiðslur yfir hluthafa í flokki A.

Dagar leggja mikla áherslu á að samþætta sjálfbærni í kjarnastarfsemi sinni, tryggja að viðskiptaákvæðanir og stefnumótun taki mið af þremur grundvallarstoðum sjálfbærni: umhverfis, félagslegum þáttum og stjórnarháttum, eins og tilgreint er í ERS stöðlunum. Félagið leggur áherslu á að tryggja ábyrga starfsemi, lágmarka áhættu og styrkja traust meðal hagsmunaaðila.

Umhverfisábyrgð (E1, E2, E5)

Dagar er með ISO 14001 vottun og hefur sett fram skýra umhverfisstefnu sem miðar að því að minnka kolefnisfótspor, lágmarka mengun og auka umhverfisábyrgð á öllum sviðum starfseminnar. Kolefnisfótspor Scope 1-3 var 86,7 tonn af CO₂ árið 2025, sem er lækkun frá 116,6 tonnum af CO₂ árið 2024. Auk þess minnkaði kolefnisþéttleiki í 72 grömm af CO₂ á þjónustustund árið 2025, samanborið við 86 grömm árið 2024.

Eftirsóknarverður vinnustaður (S1)

Hjá Dögum starfa einstaklingar frá um það bil 40 mismunandi þjóðernum og erum við stolt af því að vera fjölmenningslegt fyrirtæki. Við leggjum áherslu á virðingu fyrir fjölbreytileika og ábyrgð okkar varðandi menntun, þjálfun og upplýsingaflæði. Dagar er skuldbundið til að skapa öruggt og styðjandi vinnuumhverfi, með skýra stefnu og viðbragðsáætlun sem tekur á einelti, kynbundinni og kynferðislegri áreitni, og ofbeldi á vinnustað. Markmið okkar er að vera áhugaverður vinnustaður og fyrsti valkostur starfsmanna í sambærilegum geirum, þar sem jafnrétti, öryggi, menntun og starfsþróun eru leiðarljós okkar.

Dagar var fyrsta fyrirtækið til að skrifa undir samning við Bara Tala, með um það bil 200 starfsmenn sem nota appið á hverjum tíma. Á árinu 2025 voru 270 virkir notendur á Bara Tala appinu.

Skýrsla og yfirlýsing stjórnar og forstjóra frh.

Þjónusta sem styrkir tengsl (S4)

Dagar stefna að því að vera í forystu á markaðnum með því að veita framúrskarandi þjónustu sem styrkir viðskiptatengsl. Við framkvæmum árlegar þjónustukannanir til að mæla ánægju viðskiptavina, þar sem við söfnum endurgjöf frá 500 fulltrúum viðskiptavina um ýmsa þætti þjónustu okkar. Niðurstaða þjónustukönnunarinnar fyrir árið 2025 var 3,9, samanborið við 4,0 árið áður.

Nýsköpun, Hugrekki og Frumkvæði (G1)

Dagar stuðla að jákvæðri fyrirtækjamenningu þar sem starfsmenn upplifa að þeir tilheyri og hafi jöfn tækifæri til vaxtar og þróunar í starfi. Mánaðarlegar eru gerðar kannanir á til að mæla þætti sem tengjast velliðan og upplifun starfsmanna, þar á meðal tækifæri til starfsþróunar, vinnuskilyrði, starfsánægju, heilsu og almenna velliðan. Markmið okkar er að starfsánægja sé hærrí en 7,6, með svarhlutfall að minnsta kosti 60%. Árið 2025 var meðal starfsánægja 7,8 og svarhlutfallið var 58%.

Dagar stuðla einnig að jákvæðri innkaupamenningu og hefur áhrif á atvinnugreinina í því skyni að tryggja sanngjörn laun í stórum útboðum.

Stjórn félagsins hefur útbúið viðauka með ársreikningnum um ófjárhagslegar upplýsingar.

Stjórnarhættir

Dagar er meðlimur í *Samtökum atvinnulífsins (SA)* og *Samtökum verslunar og þjónustu (SVP)*, sem eru landssamtök fyrirtækja í verslun og þjónustu á Íslandi. Með aðildinni stuðlum við að samkeppnishæfu viðskiptaumhverfi og arðbæru, fjölbreyttu og ábyrgu fyrirtæki sem bætir líf skjör allra.

Stjórn félagsins hefur útbúið heildstæða yfirlýsingu um stjórnarhætti í samræmi við íslensku ársreikningalögin og er yfirlýsingin viðauki við ársreikninginn.

Skýrsla og yfirlýsing stjórnar og forstjóra

Ársreikningurinn er gerður í samræmi við alþjóðlega reikningsskilastaða (IFRS) sem hafa verið staðfestir af evrópusambandinu og viðbótarkröfur í lögum um ársreikninga.

Samkvæmt okkar bestu vitneskju þá er það okkar álit að ársreikningurinn gefi glögga mynd af rekstrarafkomu Daga fyrir árið 2025, eignum, skuldum og fjárhagsstöðu félagsins 31. desember 2025 og breytingar á handbæru fé á árinu 2025.

Jafnframt er það álit okkar að ársreikningurinn og skýrsla stjórnar og forstjóra geymi glöggt yfirlit um þróun og árangur í rekstri Daga, stöðu þess og lýsi helstu áhættuþáttum og óvissu sem félagið býr við.

Stjórn og forstjóri hafa í dag rætt um ársreikning Daga hf fyrir árið 2025 og staðfesta hann með undirritun sinni.

Garðabær, 24. mars 2026

Áritun óháðs endurskoðanda

Til stjórnar og hluthafa Daga hf.

Áritun um endurskoðun ársreiknings

Álit

Við höfum endurskoðað ársreikning Daga hf (félagið), sem hefur að geyma efnahagsreikning 31. desember 2025, rekstrarreikning og yfirlit um heildarafkomu, breytingar á eigin fé og sjóðstreymi fyrir árið, skýringar og upplýsingar um mikilvægar reikningsskilaaðferðir og aðrar skýringar.

Það er álit okkar að ársreikningurinn gefi glögga mynd af fjárhagsstöðu félagsins 31. desember 2025 og afkomu þess og breytingu á handbæru fé á árinu 2025, í samræmi við alþjóðlega reikningsskilastaðla eins og þeir hafa verið staðfestir af Evrópusambandinu og viðbótarkröfur sem koma fram í lögum nr. 3/2006 um ársreikninga.

Grundvöllur álits

Við endurskoðuðum í samræmi við alþjóðlega endurskoðunarstaðla. Ábyrgð okkar samkvæmt stöðlunum er lýst frekar í kaflanum *Ábyrgð endurskoðanda á endurskoðun ársreikningsins* í árituninni. Við erum óháð félaginu í samræmi við siðareglur sem gilda um endurskoðun ársreikninga á Íslandi. Við teljum að við höfum aflað nægilegra og viðeigandi endurskoðunargagna til að byggja álit okkar á.

Ábyrgð stjórnar og forstjóra á ársreikningnum

Stjórn og forstjóri eru ábyrg fyrir gerð og glöggri framsetningu ársreikningsins í samræmi við alþjóðlega reikningsskilastaðla eins og þeir hafa verið staðfestir af Evrópusambandinu og kröfu um viðbótar íslenska upplýsingagjöf samkvæmt reglugerð númer 3/2006 og fyrir því innra eftirliti sem þau telja nauðsynlegt til að gera þeim kleift að setja fram ársreikning sem er án verulegra annmarka, hvort sem er vegna sviksemi eða mistaka.

Við gerð ársreikningsins ber stjórn og forstjóra að leggja mat á rekstrarhæfi félagsins og upplýsa, eftir því sem við á, um þætti er varða rekstrarhæfi og miða grundvöll reikningsskilanna við áframhaldandi rekstrarhæfi, nema þau ætli annað hvort að leysa félagið upp eða hætta starfsemi þess, eða hafa engan annan raunhæfan kost en að gera það.

Stjórn og framkvæmdastjóri bera ábyrgð á eftirliti með gerð ársreikningsins.

Ábyrgð endurskoðanda á endurskoðun ársreikningsins

Markmið okkar eru að öðlast hæfilega vissu um hvort ársreikningurinn í heild sé án verulegra annmarka, hvort sem er vegna sviksemi eða mistaka, og að gefa út áritun endurskoðanda sem inniheldur álit okkar. Í hæfilegri vissu felst áreiðanleiki en ekki trygging fyrir því að endurskoðun í samræmi við alþjóðlega endurskoðunarstaðla muni alltaf leiða í ljós verulega annmarka ef þeir eru fyrir hendi. Annmarkar geta komið fram vegna sviksemi eða mistaka og eru taldir verulegir ef þeir einir og sér eða samanlagt gætu haft áhrif á efnahagslegar ákvarðanir sem notendur ársreikningsins taka á grundvelli hans.

Við endurskoðun í samræmi við alþjóðlega endurskoðunarstaðla beitum við ávallt faglegri dómgreind og viðhöfum faglega gagnrýni. Að auki:

- Greinum við og metum hættu á verulegri skekkju í ársreikningnum, hvort sem er vegna sviksemi eða mistaka, skipuleggjum og framkvæmum endurskoðunaraðgerðir til að bregðast við þeirri hættu og öflum endurskoðunargagna sem eru nægjanleg og viðeigandi til að byggja álit okkar á. Hættan á að uppgötva ekki verulega skekkju vegna sviksemi er meiri en að uppgötva ekki skekkju vegna mistaka, þar sem sviksemi getur falið í sér samsæri, fölsun, að einhverju sé viljandi sleppt, villandi framsetningu eða að farið sé framhjá innra eftirliti.

Áritun óháðs endurskoðanda, frh:

- Öflum við skilnings á innra eftirliti, sem varðar endurskoðunina, til að skipuleggja viðeigandi endurskoðunaraðgerðir, en ekki til að veita álit á virkni innra eftirlits félagsins.
- Metum við hvort reikningsskilaaðferðir og reikningshaldslegt mat stjórnenda og tengdar skýringar séu viðeigandi.
- Ályktum við um hvort notkun stjórnar og forstjóra á forsendu reikningsskilanna um rekstrarhæfi sé viðeigandi og metum, á grundvelli endurskoðunar, hvort aðstæður séu til staðar sem valdið gætu verulegum vafa um rekstrarhæfi félagsins. Ef við teljum að verulegur vafi leiki á rekstrarhæfi ber okkur, í áritun okkar, að vekja sérstaka athygli á viðeigandi skýringum ársreikningsins eða, ef slíkar skýringar eru ófullnægjandi, að víkja frá fyrirvaralausri áritun. Niðurstaða okkar byggir á endurskoðunargögnum sem aflað er fram að dagsetningu áritunar okkar. Samt sem áður geta atburðir eða aðstæður í framtíðinni gert félagið órekstrarhæft.
- Metum við framsetningu, uppbyggingu og innihald ársreikningsins í heild, að meðtöldum skýringum, og hvort ársreikningurinn gefi glögga mynd af undirliggjandi viðskiptum og atburðum.

Við upplýsum stjórn meðal annars um áætlað umfang og tímasetningar endurskoðunarinnar og veruleg atriði sem upp kunna að koma í endurskoðun okkar, þar á meðal alla verulega annmarka á innra eftirliti sem við greinum við endurskoðun okkar.

Staðfesting vegna annarra ákvæða laga

Í samræmi við ákvæði 2. mgr 104 gr. laga nr. 3/2006 um ársreikninga staðfestum við samkvæmt okkar bestu vitund að í skýrslu stjórnar sem fylgir þessum ársreikningi eru veittar þær upplýsingar sem þar ber að veita í samræmi við lög um ársreikninga og koma ekki fram annars staðar í ársreikningnum.

Skýringar

1. Félagið

Dagar hf. ("Félagið") er íslenskt hlutafélag og er lögheimili þess Lyngás 17, Garðabær. Félagið er þjónustufyrirtæki sem veitir fyrst og fremst þjónustu á sviði ræstinga, umsjón fasteigna og veitinga. Þessi ársreikningur er þýðing á enskri útgáfu hans sem samþykktur var á hluthafafundi félagsins.

2. Grundvöllur reikningsskilana

Ársreikningur félagsins er gerður í samræmi við alþjóðlega reikningsskilastaðla (IFRS) eins og þeir hafa verið staðfestir af Evrópusambandinu og viðbótarkröfur í samræmi við íslensk ársreikningalög no 3/2006 þar sem það á við.

Ársreikningurinn er gerður á grundvelli kostnaðarverðs. Samantekt á reikningsskilaaðferðum félagsins eru í skýringu 22.

Ársreikningurinn er þýðing á frumriti sem er á ensku. Komi í ljós frávik milli íslenskrar og enskrar útgáfu gildir sú enska.

Ársreikningurinn var staðfestur til útgáfu af stjórn og forstjóra félagsins 24. mars 2026.

3. Starfrækslugjaldmiðill og framsetningagjaldmiðill

Ársreikningurinn er birtur í íslenskum krónum sem er starfrækslugjaldmiðill félagsins. Allar fjárhæðir eru birtar í þúsundum króna nema annað sé tekið fram.

4. Mat og ákvarðanir

Gerð ársreikningsins krefst þess að stjórnendur taki ákvarðanir, meti og gefi sér forsendur sem hafa áhrif á beitingu reikningsskilaaðferða og birtar fjárhæðir eigna, skulda, tekna og gjalda. Endanlegar niðurstöður kunna að verða frábrugðnar þessu mati. Matið og forsendur þess eru í stöðugri endurskoðun. Breytingar á reikningshaldslegu mati eru færðar á því tímabili sem breytingin á sér stað og þeim framtíðartímabilum sem breytingarnar eiga við.

5. Laun og launatengd gjöld

Laun og launatengd gjöld greinast þannig:	2025	2024
Laun	4.393.104	4.823.155
Lífeyrissjóðsiðgjöld	536.060	584.111
Önnur launatengd gjöld	427.151	431.268
Laun og launatengd gjöld samtals	5.356.315	5.838.534
Meðalfjöldi starfsmanna á árinu umreiknað í heilsársstörf	521	588

6. Þóknun til endurskoðenda

Þóknun til endurskoðenda á árinu var eftirfarandi:

	2025	2024
Endurskoðun og önnur vinna tengd endurskoðun	9.112	8.471
Önnur þjónusta	1.491	17.877
	10.603	26.348

Skýringar frh.:

7. Afskriftir

Afskriftir í rekstrarreikningi greinast þannig:	2025	2024
Afskrift óefnislegra eigna	39.010	12.156
Afskrift rekstrarfjármuna	59.685	58.381
Afskrift leigueigna	91.119	88.386
Samtals afskrift í rekstrarreikningi	189.814	158.923

8. Fjármunatekjur

Fjármunatekjur á árinu voru eftirfarandi:	2025	2024
Vaxtatekjur af viðskiptakröfum	2.513	5.399
Vaxtatekjur af bankareikningum	8.850	12.300
Samtals fjármunatekjur	11.363	17.699

9. Fjármagnsgjöld

Fjármagnsgjöld á árinu voru eftirfarandi:	2025	2024
Vaxtagjöld af langtímalánum	87.115	81.812
Vaxtagjöld af skammtímaskuldbindingum	7.564	30.587
Vaxtagjöld af leigusamningum	19.345	20.220

Skýringar frh.:

11. Viðskiptavild og óefnislegar eignir, frh.:

ii. Virðisrýrnunarpróf

Viðskiptavild sem myndast við yfirtöku er prófuð fyrir félagið í heild þar sem það er skilgreint sem ein fjárskapandi eining.

Endurheimtanlegt virði reksturs félagsins er reiknað á grundvelli nýtingarvirðis. Nýtingarvirði er ákvarðað með því að afvaxta áætlað framtíðarstjóðsstreymi af áframhaldandi starfsemi félagsins. Stjóðstreymið var áætlað út frá fimm ára rekstraráætlun og eftir spátímabilið föstum framtíðarnafnvexti. Rekstrarhagnaður EBITDA í rekstraráætlun er áætlaður með hliðsjón af fyrri reynslu.

Niðurstaða virðisrýrnunarprófsins er að vermæti viðskiptavildar hafi ekki rýrnað í árslok 2025 og að prófið er ekki næmt fyrir breytingum í lykilorðendum.

12. Rekstrarfjármunir

i. Afstemming á bókfærðu virði

Skýringar frh.:

13. Leigusamningar

Félagið leigir ýmsar fasteignir og bifreiðar vegna starfseminnar. Leigugreiðslur eru í ISK og verðtryggðar miðað við vísistölu neysluverðs eða byggingavísitölu. Leigusamningar eru afvaxtaðir miðað við lántökuvexti 5% fyrir fasteignir og 7% - 11,8% fyrir bifreiðar. Eftirstöðvar leigutíma þann 31.12.2025 eru frá 0 til 5 ár (31.12.2024 milli 0 til 6 ár). Skuldbindingar félagsins við leigusala samkvæmt leigusamningum eru tryggðar með eignarhaldi leigusala á leigueign. Almennt er félaginu óheimilt að framselja eða framleigja hinar leigðu eignir. Leigusamningarnir eru yfirleitt með framlengingar- og uppsagnar ákvæðum.

Leigueignir

Handbært fé greinist þannig:	2025	2024
Bankainnistæður	134.306	151.557
	134.306	151.557

Skýringar frh.:

16. Eigið fé

i. Hlutfé

Hlutfé félagsins þann 31. desember 2025 var að fjárhæð 5.152.896 kr. (31. desember 2024 5.152.896 kr.) samkvæmt samþykktum þess. Félagið átti eigin bréf að nafnvirði 396.373 kr. í árslok 2025 (í árslok 2024 360.489 kr.). Eigin bréf eru birt sem lækkun á hlutfé í ársreikningunum.

Hlutfé er skipt í tvo hlutabréfaflokka A og B. Hlutabréf í A flokki eru að nafnvirði 379.432 kr. og B flokkur er að nafnvirði 4.773.464 kr. Nafnvirði hvers hlutar er 1 króna í báðum flokkum. Handhafar hluta í báðum flokkum hafa atkvæðisrétt sem er eitt atkvæði pr.hlut á hluthafafundum félagsins.

Hluthafar hluta í B flokki eiga forgang að arðgreiðslum umfram hluthafa í A flokki. Félagið hefur rétt á að innleysa hluti í flokki B en hlutir í flokki A geta ekki verið innleystir af félaginu nema lög kveði svo á um. Hluthafar í flokki B hafa forgang yfir hluthafa í flokki A hvað varðar útteilingu eigna ef kemur til gjaldþrots, félaginu verði slitið, hlutfé lækkað o.sv.frv.

ii. Yfirverð hlutafjár

Yfirverð sýnir greiðslur yfir nafnvirði (ISK 1 per hlut) sem hluthafar hafa greitt fyrir hluti sína. Heimilt er að jafna yfirverðsreikningi innborgaðs hlutafjár á móti tapi sem fellur ekki undir annan varasjóð.

iii. Lögbundinn varasjóður

Samkvæmt lögum um hlutafélög no 2/1995 þarf að leggja að minnsta kosti 10% af hagnaði, sem ekki er varið til að mæta tapi síðustu ára og er ekki lagður í aðra lögbundna sjóði, í lögbundinn varasjóð að því marki að hann verði 10% af hlutfé félagsins. Þegar því marki er náð þarf að leggja til viðbótar 5% af hagnaði þar til að varasjóðurinn nemur 25% af hlutfé félagsins.

iv. Eiginfjárstýring

Stefna stjórnar félagsins er að eiginfjárstaða félagsins sé sterk til að viðhalda trausti hluthafa og lánardrottna og til að styðja við framtíðarþróun starfseminnar. Stjórnendur félagsins fylgjast með og mæla eiginfjárlutfall og arðsemi eigin fjár.

17. Langtímalán

Langtímaskuldir félagsins greinast þannig:

	2025	2024
Langtímalán í íslenskum krónum	766.606	871.688
Næsta árs afborganir langtímalána	(108.971)	(109.928)
Langtímalán samkvæmt efnahagsreikningi	657.635	761.760

Afborganir langtímalána greinast þannig á næstu ár:

	2025	2024
Afborganir 2025	0	109.927
Afborganir 2026	108.971	107.913
Afborganir 2027	108.758	107.510
Afborganir 2028	106.923	106.304
Afborganir 2029	93.998	92.492
Afborganir 2030 / Síðar	347.956	347.541
	766.606	871.688

Skilmálar lánanna innihalda ýmis ákvæði sem takmarka tilteknar aðgerðir fyrirtækisins án þess að ráðfæra sig við lánveitanda. Auk þess innihalda lánveitingarnar ákveðin fjárhagsleg skilyrði. Í árslok 2025 uppfyllir fyrirtækið alla skilmála í lánasamningunum.

Félagið hefur veðsett birgðir og viðskiptakröfur sem og einn bankareikning til að tryggja greiðslu lána sem nema 666,7 millj. kr. í árslok 2025. Bókfært virði veðsettra eigna nemur 446 millj. kr. í árslok 2025.

18. Fjármálagerningar og áhættustýring

i. Áhættustýring

Eftirfarandi áhættur fylgja fjármálagerningum félagsins:

- lánsáhætta
- lausafjáráhætta; og
- vaxtaáhætta.

Áhættustýringarrammi

Stjórn félagsins er með heildarábyrgð og yfirsýn yfir áhættustýringarramma félagsins.

Áhættustýring félagsins er til staðar til að uppgötva og greina áhættu sem félagið býr við, setja viðmið um áhættutöku og hafa eftirlit með henni. Áhættustýring og aðferðir eru yfirfarnar reglulega til að endurspegla breytingar á markaðsaðstæðum og starfsemi félagsins. Með þjálfun starfsmanna og starfsreglum stefnir félagið að öguðu og uppbyggjandi eftirliti þar sem allir starfsmenn eru meðvitaðir um hlutverk sitt og skyldur.

Lánsáhætta

Lánsáhætta er hættan á fjárhagslegu tapi félagsins ef viðskiptamaður eða mótaðili í fjármálagerningi getur ekki staðið við umsamdar skuldbindingar sínar. Lánsáhættan er einkum vegna viðskiptakrafna. Bókfært verð fjármálaeigna táknar hámarks skuldsetningu.

Viðskiptakröfur

Lánsáhætta félagsins ræðst einkum af fjárhagsstöðu og starfsemi einstakra viðskiptamanna. Samt sem áður taka stjórnendur til greina þætti sem gætu haft áhrif á lánsáhættu gagnvart viðskiptamannagrunninum þar á meðal vanskila áhættu tengda við atvinnugreinina sem viðkomandi viðskiptavinur starfar í.

Stjórn félagsins hefur sett útlánareglur þar sem allir nýir viðskiptamenn fara í gegnum lánshæfismat áður en félagið býður þeim staðlaða greiðslu- og afhendingar skilmála. Lánshæfismat félagsins felur í sér mat frá utanaðkomandi aðila, ef það er í boði, yfirferð ársreikninga og upplýsingar úr atvinnulífnum.

Félagið takmarkar útlánaáhættuna til viðskiptavina með því láta einn mánuð vera hámarks greiðslufrest.

Við stýringu lánsáhættu vegna viðskiptamanna eru viðskiptamenn flokkaðir saman eftir lánshæfiseinkennum, þar á meðal hvort þeir séu heildsalar, smásalar, neytendur, landfræðileg lega, atvinnugrein, viðskiptasaga við félagið og hvort að hann hafi einhverntímann átt í fjárhagsvandræðum.

Félagið fer ekki fram á að viðskiptamenn leggja fram tryggingar fyrir útistandandi viðskiptakröfum.

Lausafjáráhætta

Lausafjáráhætta er hættan á því að félagið geti ekki staðið við fjárhagsskuldbindingar sem eru gerðar upp með afhendingu á fé eða öðrum fjáreignum. Markmið félagsins er að stýra lausafé þannig að tryggt sé að það hafi alltaf, eins langt og það nær, nægt lausafé til að mæta skuldbindingum sínum eftir því sem þær gjaldfalla, bæði í venjulegu árferða sem og undir álagi, án þess að verða fyrir óviðunandi tjóni og forðast þannig að skaða orðspor félagsins.

Markmið félagsins er að viðhalda handbæru fé og sambærilegum eignum á þannig stigi að það dugi til að mæta væntanlegu útlæði sem nemur greiðslu viðskiptaskulda og annarra fjárskuldbindinga næstu 20 daga.

Til viðbótar er félagið með skammtíma lánalínu til staðar að fjárhæð 200 millj. kr.

Skýringar frh.:

18. Fjármálagæringar og áhættustýring, frh.:

Lausafjárahætta

Hér eru eftirstöðvar af samningsbundnum afborgunum á fjárskuldum á uppgjörssdegi. Upphæðirnar eru heildarupphæðir að meðtöldum samningsbundnum vaxtagreiðslum að undanskildum áhrifum af greiðslujöfnunum.

		Contractual cash flows					
	Carrying amount	Total	2 months or less	2-12 months	1-2 years	2-5 years	More than 5 years
31. December 2025							
Long-term loans	766.606	1.044.612	31.470	153.815	333.787	525.540	0
Accounts payable	66.054	69.913	57.529	12.384	0	0	0
Other current liabilities	668.900	668.900	613.539	55.360	0	0	0
Lease contracts	337.428	367.848	18.100	85.325	163.320	101.103	0
	1.838.988	2.151.273	720.639	306.884	497.107	626.643	0

Greining á afborgunum af leiguskuldbindingum koma fram í skýringu 13.

Eins og upplýst er í skýringu 17, þá hefur félagið fjármögnun sem inniheldur lánaskilmála. Brot á lánaskilmálum getur leitt til þess að félagið verði kafið um endurgreiðslu á lánið fyrir en kemur fram í töflunni hér að ofan. Samkvæmt lánasamningnum þá fylgist fjármálastjórnin reglulega með skilmálunum og upplýsir stjórnendur um niðurstöðurnar til að tryggja að skilyrði lánasamningsins séu uppfyllt.

Vaxtagreiðslur með breytilegum vöxtum eru reiknaðar miðað við framvirka vexti á uppgjörssdegi og geta því breyst ef markaðsvextir breytast. Fyrir utan þessar fjárskuldbindingar þá er ekki gert ráð fyrir að sjóðstreymið í afborgunar greiningunni geti átt sér stað miklu fyrir eða með miklu hærri fjárhæðum.

Vaxtaáhætta

Allar lántökur félagsins eru á breytilegum vöxtum og gerir félagið ekki sérstakar ráðstafanir til að verja sig fyrir vaxtaáhöttu.

Á uppgjörssdegi greinast vaxtaberandi fjármálagæringar félagsins þannig:

	Bókfært verð	
	31.12.2025	31.12.2024
Handbært fé	134.306	151.557
Vaxtaberandi skuldir	(766.606)	(871.688)
Nettó vaxtaberandi skuldir	(632.300)	(720.131)

Breyting um 100 punkta á uppgjörssdegi hefði hækkað (lækkað) afkomu eftir skatta um 6,6 millj. kr. (2024: 5,5 millj. kr.). Þessi greining byggir á því að allar aðrar breytur haldist óbreyttar.

19. Ábyrgðir

Félagið hefur veðsett handbært fé ásamt viðskiptakröfum og birgðum til tryggingar greiðslu skulda sinna.

20. Tengdir aðilar

Lykilstarfsmenn fengu engar greiðslur utan samningsbundinna launa á árinu.

Félagið átti engin viðskipti við fyrirtæki í eigu hluthafa eða annara tengdra aðila á árinu 2025.

Laun og hlunnindi forstjóra og stjórnar námu 50,3 millj. kr. á árinu 2025 (2024: ISK 43,0 millj. kr.).

21. Breyting á reikningsskilaaðferð

Félagið hefur breytt reikningsskilaaðferð sinni við færslu launa vegna starfsmanna sem hafa launatímabil frá 21. degi til 20. dags hvers mánaðar. Breytingin hefur ekki veruleg áhrif á fjárhagsafkomu félagsins, en var innleidd til að bæta jöfnun tekna og gjalda í mánaðarlegum uppgjörum. Áhrif breytingarinnar á ársreikninginn eru þau að skuldir aukast um ISK 165,4 milljónir og hagnaður eykst um ISK 4,9 milljónir samanborið við þær fjárhæðir sem hefðu verið birtar

22. Mikilvægar reikningsskilaaðferðir

Félagið hefur beitt reikningsskilaaðferðum sem lýst er í þessari skýringu með samræmdum hætti á öllum þeim tímabilum sem birt eru í ársreikningnum.

a. Erlendir gjaldmiðlar

Peningalegar eignir og skuldir í erlendum gjaldmiðlum eru færð í starfrækslugjaldmiðil félagsins á uppgjörssdegi. Eignir og skuldir í erlendri mynt sem tilgreindar eru á gangvirði eru umreiknaðar í starfrækslugjaldmiðil á gengi sem gildi á þeim degi sem gangvirði var ákvarðað. Eignir og skuldir sem eru færð á upprunalegu kostnaðarverði eru umreiknaðar í starfrækslugjaldmiðil á gengi sem gildi á viðskiptadegi. Gengismunur sem myndast er færður í rekstrarreikningi og yfirliti um heildarafkomu. Gengishagnaður er sýndur í sér línu sem jákvæð fjárhæð meðal "fjármunatekna" og gengistap í sér línu sem neikvæð fjárhæð meðal "fjármagnsgjalda".

b. Tekjur af samningsbundnum verkum

i. Meginreglan

Tekjur eru færðar þegar vörur eru afhentar eða þjónusta hefur verið innt af hendi til viðskiptavinar. Tekjur skulu endurspegla vænt gagnjald í skiptum fyrir vöru og þjónustu.

ii. Fimm þrep tekna

Til að fylgja meginreglunni varðandi innlausn tekna fer félagið í gegnum fimm skref samningsgrundvallaðs kerfis til að meta og mæla tekjur af samingum við viðskiptavin. Þessi fimm skref eru eftirfarandi:

- Skref 1: Bera kennsl á samning við viðskiptavin
- Skref 2: Bera kennsl á frammistöðuskuldbindingar samnings
- Skref 3: Ákvarða samningsverð
- Skref 4: Úthluta samningsverði á frammistöðuskuldbindingar
- Skref 5: Skrá tekjur

Frammistöðuskuldbinding félagsins samanstendur af því að veita viðskiptavininum þjónustu á sviði ræstinga, veitingasölu og fasteignaumsjónar sem á sama tíma nýtur ávinnings verksins eftir því sem það er innt af hendi til hans. Félagið færir tekjur í rekstrarreikning og yfirlit um heildarafkomu eftir því sem verki miðar áfram og félagið uppfyllir frammistöðuskuldbindingu sína gagnvart viðskiptavininum.

Tekjur eru færðar í rekstrarreikning þegar félagið hefur uppfyllt samningsskyldu sína sem er yfirleitt þegar þjónusta hefur verið innt af hendi í hlutfalli við stöðu verks á uppgjörssdegi. Fyrirtækið gefur að jafnaði út reikninga í byrjun hvers mánaðar og eru reikningar greiddir af viðskiptavinum í lok þess mánaðar sem þeir eru gefnir út.

Félagið gjaldfærir þjálfunarkostnað vegna samninga þegar kostnaðurinn fellur til.

c. Hlunnindi starfsmanna

i. Skammtíma hlunnindi starfsmanna

Skammtímahlunnindi starfsmanna eru gjaldfærð þegar þjónusta er veitt. Skuldbinding er færð í efnahagsreikninginn þegar félaginu ber lagaleg skylda eða ætluð skylda vegna fyrri atburðar og líklegt er að kostnaður, sem hægt er að meta með áreiðanlegum hætti, lendi á félaginu við að gera upp skuldbindinguna.

ii. Lífeyris skuldbindingar

Skuldbinding til að greiða framlög í lífeyrissjóð er færð þegar tengd þjónusta hefur verið veitt.

d. Fjármunatekjur og fjármagnsgjöld

Fjármunatekjur og fjármagnsgjöld félagsins samstanda af vaxtatekjum af fjáreignum, vaxtakostnaði af lántökum ásamt hagnaði og tapi vegna gjaldeyrisbreytinga.

Skýringar frh.:

21. Mikilvægar reikningsskilaaðferðir (frh)

e. Tekjuskattur

Gjaldfærður tekjuskattur samanstendur af tekjuskatti til greiðslu og frestuðum tekjuskatti. Tekjuskattur er færður í rekstrarreikning nema þegar hann tengist liðum sem eru færðir beint á eigið fé eða í yfirlit um heildarafkomu.

i. Tekjuskattur

Tekjuskattur til greiðslu er tekjuskattur sem áætlað er að komi til greiðslu á næsta ári vegna skattskylds hagnaðar ársins, miðað við gildandi skattlutfall á uppgjörssdegi, auk leiðréttinga á tekjuskatti til greiðslu vegna fyrri ára. Skattprósentan er 21% á árinu 2024 en mun lækka aftur í 20% á árinu 2025.

ii. Frestaður tekjuskattur

Frestaður tekjuskattur er reiknaður og færður í ársreikninginn. Útreikningur frestaðs tekjuskatts byggist á mismun efnahagsliða samkvæmt skattuppgjöri annars vegar og ársreikningi félagsins hins vegar. Mismunur sem þannig kemur fram stafar af því að álagning tekjuskatts er miðuð við aðrar forsendur en reikningsskil félagsins og er þar í meginatriðum um að ræða tímamismun vegna þess að gjöld eru að jafnaði færð fyrir í skattauppgjöri en í ársreikningi. Frestaður tekjuskattur er byggður á væntanlegri skattprósentu á uppgjörssdegi miðað við núverandi lög þegar áætlað er að snúa við tímabundnum mismunum.

f. Birgðir

i. Mat

Birgðir eru metnar á kostnaðarverði eða dagverði hvort sem lægra reynist. Kostnaðarverð birgða byggir á fyrst inn- fyrst út reglunni (FIFO) sem innifelur kostnað við að kaupa birgðirnar og koma þeim á núverandi stað og í núverandi ástand.

g. Rekstrarfjármunir

i. Færsla og mat

Rekstrarfjármunir eru færðir á kostnaðarverði sem inniheldur lántökukostnað að frádregnum uppsöfnuðum afskriftum og virðisrýrnun.

Þegar rekstrarfjármunir eru samsettir úr einingum með ólíkan nýtingartíma eru einingarnar aðgreindar meðal rekstrarfjármuna.

Hagnaður eða tap af sölu rekstrarfjármuna er færður sem söluhagnaður eða tap í rekstrarreikning meðal annarra tekna eða annars rekstrarkostnaðar.

ii. Kostnaður sem fellur til síðar

Kostnaður við að endurnýja einstaka hluta rekstrarfjármuna er færður til eignar ef líklegt er talið að ávinningur sem felst í eigninni muni renna til félagsins.

iii. Afskriftir

Afskriftir eru reiknaðar af afskrifanlegri fjárhæð, sem er kostnaðarverð eða endurmetið kostnaðarverð eignar að frádregnu áætluðu niðurlagsverði. Afskriftir eru færðar línulega í rekstrarreikning miðað við áætlaðan nýtingartíma einstakra hluta rekstrarfjármuna.

Áætlaður nýtingartími á árinu og samanburðarári greinist þannig:

Endurbætur leiguhúsnæðis	4 ár
Bifreiðar	5 - 7 ár
Tæki og húsbúnaður	3 - 7 ár

Afskriftaraðferðir, nýtingartími og niðurlagsverð eru endurmetin á hverjum uppgjörssdegi og breytt ef við á.

21. Mikilvægar reikningsskilaaðferðir (frh)

h. Viðskiptavild og óefnislegar eignir

i. Færsla og mat

Viðskiptavild	Viðskiptavild vegna kaupa á dótturfélögum er metin á kostnaðarverði að frádregni virðisrýrnun.
Hugbúnaður	Hugbúnaður er metinn á kaupverði að frádregnum fengnum afskriftum.

ii. Kostnaður sem fellur til síðar

Kostnaður sem fellur til síðar er aðeins færður ef hann eykur væntan framtíðarávinning þeirrar eignar sem hann tengist. Allur annar kostnaður, að meðtöldum þeim sem myndar viðskiptavild og vörumerki innan fyrirtækisins, er gjaldfærður í rekstrarreikningi þegar hann fellur til.

iii. Afskriftir

Afskrift óefnislegra eigna, annarra en viðskiptavildar, er færð línulega í rekstrarreikning miðað við áætlaðan nýtingartíma þeirra. Viðskiptavild er ekki afskrifuð.

Áætlaður nýtingartími á árinu og samanburðarári greinist þannig:

Hugbúnaður 3 years

Afskriftaraðferðir, nýtingartími og niðurlagsverð eru endurmetin á hverjum uppgjörssdegi og breytt ef það er viðeigandi.

i. Fjármálagerningar

i. Færsla og mat

Viðskiptakröfur og skuldir eru færðar á gangvirði þegar til þeirra er stofnað. Aðrar fjáreignir og fjárskuldir eru færðar þegar félagið gerist aðili að samningsbundnum ákvæðum viðkomandi fjármálagerninga.

Fjáreign (að undanskildum viðskiptakröfum sem innihalda verulegan fjármögnunarpátt) og fjárskuldir eru færðar á gangvirði við upphaflega skráningu í bókhald. Þegar fjármálagerningar eru ekki metnir á gangvirði í gegnum rekstrarreikning er allur beinn viðskiptakostnaður færður til hækkunar á virði þeirra við upphaflega skráningu í bókhald. Viðskiptakröfur án verulegs fjármögnunarpáttar eru upphaflega skráðar á kostnaðarverði.

ii. Flokkun og kostnaður sem fellur til síðar

Fjáreignir

Fjáreignir - Eftir upphaflega skráningu, hagnaður og tap

Fjáreignir á afskrifuðu kostnaðarverði eru eftir upphaflega skráningu færðar miðað við virka vexti að frádreginni virðisrýrnun þegar við á. Fjármunatekjur, gengismunur og virðisrýrnun eru færð í rekstrarreikning. Hagnaður eða tap vegna afskráningar er færður í rekstrarreikning.

Fjárskuldir

Við upphaflega skráningu er fjárskuld flokkuð sem:

Fjárskuld á afskrifuðu kostnaðarverði. Eftir skráningu eru þessar skuldir færðar á afskrifuðu kostnaðarverði með aðferð virkra vaxta. Vaxtagjöld og gengis hagnaður og tap vegna erlendra gjaldmiðla eru færð í rekstrarreikning. Hagnaður eða tap við afskráningu skuldarinnar færist í rekstrarreikning.

21. Mikilvægar reikningsskilaaðferðir (frh)

j. Hlutfé

i. Almennir hlutir

Kostnaður vegna útgáfu almennra hlutabréfa er færður til frádráttar á eigin fé félagsins. Tekjuskattur sem tengist færslum yfir eigið fé er færður í samræmi við IAS 12 *Income taxes*.

ii. Keypt eigin bréf og útgáfa nýs hlutfjár

Þegar félagið kaupir eigin hluti er kaupverðið, að meðtöldum beinum kostnaði, fært til lækkunar á eigin fé. Þegar hlutabréf eru seld er móttækin fjárhæð færð sem hækkun á eigin fé og ef verð er umfram nafnverð eða lægra en nafnverð þá er slíkt fært á yfirferðsreikning meðal hlutfjár.

k. Virðisrýrnun

Á hverjum uppgjörssdegi er kannað hvort til staðar sé hlutlæg vísbending um virðisrýrnun fjáreigna sem ekki eru færðar á gangverði í yfirliti um heildarafkomu. Fjáreign telst hafa orðið fyrir virðisrýrnun ef hlutlægar vísbendingar eru til staðar um virðisrýrnun vegna eins eða fleiri atburða eftir upphaflega skráningu fjáreignar, sem leiða til þess að vænt framtíðarsjóðstreymi verði lægra en áður var talið og hægt er að meta áhrif atburðarins með áreiðanlegum hætti.

Afskriftir fjáreigna sem metnar eru á afskrifuðu kostnaðarverði eru dregnar frá bókfærðu brúttóverði eignanna.

Afskrift fjáreigna

Fjáreign er afskrifuð þegar félagið hefur engar væntingar um að endurheimta bókfært verð fjáreignar. Vegna einstakra viðskiptavina þá er fjáreign afskrifuð þegar hún er orðin 180 daga gömul í samræmi við sögulega reynslu á endurheimtum svipaðra fjáreigna hjá félaginu. Fyrir viðskiptakröfur skoðar félagið afskrift með hliðsjón af aldri krafna, fjárhæð og hvort líkur séu á endurheimtum. Félagið gerir ekki ráð fyrir verulegum endurheimtum af afskrifuðum kröfum. Endanleg afskrift fjáreigna gæti verið háð reglum varðandi fullnustuaðgerðir sem félagið hefur sett sér.

ii. Ófjárhagslegar eignir

Á hverjum uppgjörssdegi yfirfer félagið bókfært verð ófjárhagslegra eigna (annarra en birgða og frestaðrar skatteignar) til að leggja mat á hvort vísbendingar séu um virðisrýrnun. Ef vísbendingar eru um slíkt er endurheimtanleg fjárhæð eignarinnar áætluð. Viðskiptavild er metin árlega fyrir virðisrýrnun.

Eignum er skipt upp í minnstu fjárskapandi einingar sem hægt er að prófa fyrir virðisrýrnun og eru óháðar öðrum eignum eða fjárskapandi einingum. Viðskiptavild sem myndast við sameiningar fyrirtækja er skipt á fjárskapandi einingar eða hóp fjárskapandi eininga sem vænta má að njóti góðs af samlegðaráhrifum.

Endurheimtanleg fjárhæð eigna eða fjárskapandi eininga er nýtingarvirði eða gangvirði að frádregnum sölukostnaði, hvort sem hærra reynist. Nýtingarvirði er fundið með því að núvirða áætlað framtíðarsjóðstreymi. Við útreikninginn er miðað við afvöxtunarlutfall fyrir skatta sem endurspeglar núgildandi mat markaðar á tímavirði peninga og þeirri sérstöku áhættu sem eignin felur í sér.

Virðisrýrnun er færð ef bókfært verð eigna eða fjárskapandi eininga er umfram endurheimtanlega fjárhæð.

Virðisrýrnun er gjaldfærð í rekstrarreikningi. Virðisrýrnun er einungis bakfærð ef breyting hefur orðið á mati sem notað var við útreikning á endurheimtanlegri fjárhæð. Virðisrýrnunin er einungis bakfærð að því marki að bókfært verð eignar sé ekki umfram það sem verið hefði ef engin virðisrýrnun hefði verið færð.

21. Mikilvægar reikningsskilaaðferðir (frh)

I. Skuldbindingar

Skuldbindingar eru metnar með því að núvirða áætlað framtíðarsjóðstreymi með vöxtum fyrir skatta sem sýna núverandi markaðsmat tímavirðis peninga og áhættuna sem tengist skuldbindingunni. Afskráning núvirðingarinnar er færð sem fjármagnsgjöld.

m. Leigusamningar

i. Mat á leigusamingi

Við upphaf samnings leggur félagið mat á það hvort samningur eða hluti hans feli í sér leigusamning. Samningur er leigusamningur að hluta eða heild ef hann felur í sér rétt til yfirráða tiltekinnar eignar á tilteknu tímabili í skiptum fyrir endurgjald. Við mat á því hvort leigusamningur felur í sér yfirráð tiltekinnar eignar fer félagið eftir skilgreiningu samkvæmt IFRS 16.

ii. Félagið sem leigutaki

Á upphafsdegi leigusamnings viðurkennir félagið afnotarétt eignar ("Leigueign" í þessum ársreikningi) og leiguskuldbindingu í efnahagsreikningi. Leigueign er upphaflega metin á kostnaðarverði, sem endurspeglar upphaflega fjárhæð leiguskuldbindingar leiðrétt fyrir leigugreiðslum sem gerðar hafa verið fyrir upphafsdag að viðbættum beinum áföllnum kostnaði og áætluðum kostnaði við að taka í sundur og fjarlægja viðkomandi eign eða til að endurheimta umrædda eign eða lóð sem hún er á að frágættum mótteknum leiguhvötum.

Leigð eign er afskrifuð með línulegum hætti frá upphafsdegi til loka nýtingartíma eða lok leigutíma. Áætlaður nýtingartími leigðrar eignar er ákvarðaður með sama hætti og sambærilegar eignir fasteigna og tækja. Til viðbótar er færð virðisrýrnun eignar ef einhver er og leiðrétt fyrir endurmati leiguskuldar.

Leiguskuld er upphaflega metin á núvirði leigugreiðslna sem ekki eru greiddar á upphafsdegi, núvirt með vaxtaþætti sem felst í leigunni eða, ef ekki hægt að ákvarða með þeim hætti, með lánskjörum félagsins af nýju lánsfé.

Leigugreiðslur leiguskuldar samanstanda af eftirfarandi:

- Fastar greiðslur;
- Breytilegar leigugreiðslur sem eru háðar vísitölu eða gengi, upphaflega mælt með vísitölu eða gengi sem var í gildi á upphafsdegi;
- Fjárhæðir sem vænt er að verði greiddar við lok samning; og
- Nýtingarverð samkvæmt kauprétti sem félagið áætlað að nýta, leigugreiðslur í valkvæðu framlengingartímabili ef félagið áætlað að nýta þann möguleika, sektir fyrir uppsögn samnings fyrir lok leigutíma nema félagið telji ekki líklegt að slíkur réttur verði nýttur.

Breytilegar leigugreiðslur sem byggjast á sölu eða notkun undirliggjandi eigna eru ekki meðtaldar í mati á leiguskuldbindingu nema að því marki sem þær eru áfallnar og ógreiddar á uppgjörssdegi. Breytilegar leigugreiðslur sem byggjast á sölu eða notkun undirliggjandi eigna eru gjaldfærðar í rekstrarreikningi og yfirliti yfir heildarafkomu meðal annars rekstrarkostnaðar.

Í kjölfar upphaflegrar færslu leiguskuldbindingar er bókfært verð hækkað sem nemur vöxtum en leigugreiðslur færðar til lækkunar á skuldbindingu. Bókfært verð leiguskuldbindingar er endurmetið ef breyting verður á framtíðarleigugreiðslum sem stafa af breytingu á vísitölu, ef breyting verður á greiðslu áætlun félagsins eða ef félagið mun nýta kauprétt, framlengingar- eða riftunarákvæði. Þegar leiguskuldbinding er endurmetin með þessum hætti er gerð samsvarandi leiðrétting á bókfærðu verði leigueignar eða fært í rekstrarreikning og yfirliti yfir heildarafkomu ef bókfært verð leigueignar er núll.

21. Mikilvægar reikningsskilaaðferðir (frh)

ii. Félagið sem leigutaki frh.:

Félagið ákvarðar leigutíma samnings sem óuppsegjanlegan ef það hefur nægjanlega vissu fyrir því að það muni nýta þá valkosti sem falla undir kjör samnings varðandi framlengingar- og uppsagnar ákvæði. Stjórnendur beita dómgreind til að meta líkur á nýtingu framlengingarkosta eða að nýta ekki uppsagnarákvæði. Við ákvörðunina taka stjórnendur til greina allar viðeigandi staðreyndir og aðstæður sem skapa efnahagslegan hvata fyrir félagið til að nýta sér framlengingarleiðir eða nýta ekki uppsagnar ákvæði samnings.

Leigueignir eru færðar meðal fastafjármuna í efnahagsreikningi. Leiguskuldbinding er skipt upp í efnahagsreikningi meðal langtíma- og skammtímaskulda. Afskriftir leigðra eigna eru sýndar meðal afskrifta í rekstrarreikningi og yfirliti um heildarafkomu. Vaxtagjöld leiguskuldar er færð í rekstrarreikningi meðal fjármagnsliða.

Félagið kýs að færa ekki leigueignir og leiguskuldir vegna leigusamninga um óverulegar eignir og skammtímaleigusamninga til styttri tíma en 12 mánaða. Félagið gjaldfærir leigugreiðslur vegna þessara leigusamninga línulega á leigutímanum.

n. Tengdir aðilar

Félagið skilgreinir eftirfarandi aðila sem tengda aðila:

(a) Einstaklingur eða náinn fjölskyldumeðlimur, ef viðkomandi:

- (i) Er með yfirráð eða sameiginlega stjórnun félagsins;
- (ii) Hefur veruleg áhrif í félaginu; eða
- (iii) Er meðal lykilstjórnenda félagsins.

(b) Eining, ef einhver eftirfarandi skilyrði eiga við:

- (i) Einingin og félagið eru aðilar að sama félagi.
- (ii) Ein eining er hlutdeildarfélag eða sameiginlegt verkefni annarrar einingar (eða hlutdeildarfélag eða sameiginlegt verkefni sem félagið er aðili að)
- (iii) Eining eða félagið eru sameiginlegt verkefni sama þriðja aðila.
- (iv) Ein eining er sameiginlegt verkefni þriðju einingarinnar og hinn aðilinn er hlutdeildaraðili þriðju einingarinnar.
- (v) Einingin er eftirlaunalaunasjóðurfyrir hagsmuni starfsmanna félagsins eða einingar tengdu félaginu.
- (vi) Einingunni er stjórnað eða stjórnað með sameiginlegum hætti af einstaklingi í (a).
- (vii) Aðili tilgreindur í (a)(i) hefur veruleg áhrif yfir einingu eða er meðal lykilstjórnenda einingarinnar (eða móðurfélags einingarinnar)
- (viii) Einingin eða meðlimur félagsins sem einingin er hluti af, lætur lykilstjórnendum í té þjónustu til fyrirtækisins.

o. Gangvirði

Gangvirði er það viðskiptaverð sem væri greitt við kaup eða móttækið við sölu á viðkomandi fjármálagerningi í frjálsum viðskiptum á milli markaðsaðila á virkum markaði á matsdegi. Gangvirði skuldar endurspeglar áhættu vegna vanskila.

Nokkrar reikningsskilaaðferðir félagsins og skýringar krefjast ákvörðunar á gangvirði bæði fyrir fjáreignir, fjárskuldir og aðrar eignir og skuldir.

Þegar virkur markaður er til staðar þá metur félagið gangvirði fjármálagernings með því að nota skráð verð fjármálagernings. Markaður er metinn virkur ef viðskipti eiga sér stað með nægilegri tíðni og magni til að hægt sé að meta með jöfnum hætti gangvirði.

Skýringar frh.:

21. Mikilvægar reikningsskilaaðferðir (frh)

o. Gangvirði, frh.:

Ef ekki er til staðar virkur markaður þá notar félagið verðmatsaðferðum sem byggjast á ályktunum og forsendum sem eru í samræmi við þær sem markaðsaðilar myndu miða við í verðlagningu fjármálagerningsins.

Sé eign eða skuld mæld á gangvirði með tilboðsgengi og uppsett verð þá metur félagið eignir á tilboðsverði og skuldir á uppsettu verði.

Besta sönnun á gangvirði fjármálagernings við upphaf færslu er jafnan viðskiptaverðið, það gangverð sem er greitt eða móttengið. Ef félag ákveður að gangvirði við upphaflega skráningu sé frábrugðið viðskiptaverði og gangverð verður ekki fundið á virkum markaði fyrir sams konar eign eða skuld ásamt því að félagið getur ekki beitt verðmatsaðferð sem byggist á ályktunum og forsendum í samræmi við markaðsaðstæður þá er fjármálagerningurinn upphaflega metinn á gangvirði og í framhaldi er bókfært verð leiðrétt til að fresta mismun á gangvirði og upphaflegu viðskiptaverði. Slíkur mismunur er færður yfir hagnað eða tap á líftíma fjáreignar eða fjárskuldar en þó eigi síðar en þegar verðmat verður að öllu leyti byggt á markaðsgögnum sem aðilar myndu miða við í verðlagningu.

p. Framsetning

Félagið er ekki með tekjur eða gjöld sem setja ætti fram í yfirliti yfir aðra heildarafkomu og þar af leiðandi er ekki greint sérstaklega frá öðrum tekjum í aðskildum kafla í rekstrarreikningi. Heildarafkoma tímabilsins er því hin sama og afkoma eða tap ársins. Heildarafkomu er skipt á eigendur félagsins.

r. Nýjir reikningsskilastaðlar og túlkunar á þeim sem hafa ekki verið innleiddir

Nokkrir nýjir alþjóðlegir reikningsskilastaðlar gilda um fjárhagsár sem hefjast eftir 1. janúar 2025 eða síðar og er heimilt að beita fyrir gildistöku þeirra. Félagið hefur ekki innleitt nýja eða breytta reikningsskilastaðla fyrir gildistíma við gerð þessara reikningsskila.

IFRS 18 mun koma í stað IAS 1 Framsetning reikningsskila og gildir fyrir ársreikninga fyrir reikningsskilatímabil sem hefjast 1. janúar 2027 eða síðar. Með nýja staðlinum eru settar fram nýjar lykilkörfur:

*Félögum ber að flokka allar tekjur og gjöld í fimm flokka í rekstrarreikningi, þ.e. rekstur, fjárfestingar, fjármögnun, aflagða starfsemi og tekjuskatt. Félög þurfa jafnframt að birta rekstrarafkomu sem skilgreinda millisamtölu. Afkoma félaga mun ekki breytast.

*Afkomumælikvarðar sem skilgreindir eru af stjórnendum (e. MPM) eru settir fram í einni skýringu í reikningsskilunum.

*Auknar leiðbeiningar um flokkun upplýsinga í reikningsskilum eru veittar.

Því til viðbótar, ber nú að nota rekstrarafkomu sem upphafs fjárhæð í sjóðstreymisýfirliti, þegar rekstrarhreyfingar eru settar fram með óbeinni aðferð.

Félagið er enn að meta áhrif nýja staðalsins.

EKKI er búist við að eftirfarandi nýir og breyttir reikningsskilastaðlar hafi veruleg áhrif á reikningsskil samstæðunnar.

- Flokkun og mat fjármálagerninga (Breytingar á IFRS 9 og IFRS 7); og
- Samningar um náttúruháða raforku (Breytingar á IFRS 9 og IFRS 7)

22. Kolefnisfótspor og losunarstyrkur *

Dagar hafa skilgreint kjarnaauðlindir sem stuðla að kolefnislosun frá starfsemi sinni. Loftslagsmælir Festu (<https://climatepulse.is/>) er notaður til að reikna út kolefnisfótspor:

		2025	2024	YoY		2025	2024	YoY	
		Usage	Usage	%		tCO2	tCO2	%

Endorsement and Statement by the Board of Directors and the CEO

Dagar hf. is a facility service company specializing in cleaning, property, and related services.

The financial statements of Dagar hf. for the year 2025 are prepared and presented in accordance with International Financial Reporting Standards (IFRS) as adopted by the EU. The financial statements are presented in thousands of ISK.

Average number of full-time equivalent employees has decreased to 521 from 588 in the previous year. In 2025, our gender ratio is 21% male and 79% female, compared to 19,2% male, 80,65% female and 0,15% non-binary in 2024. At year-end 2025, the gender balance on our board of directors stands at 66,7% male and 33,3% female.

According to the statement of profit or loss the operating profit for the year 2025 amounted to ISK 336,4 million (2024: 367,8 million). The comprehensive profit for the year 2025 amounted to ISK 179,8 million (2024: 189,1 million) and the total equity at 31 December 2025 amounted to ISK 768,3 million according to the statement of financial position (2024: 601,1 million). Reference is made to the financial statements regarding allocation of profit and other changes in equity. The Board of Directors proposes that no dividends will be paid to the shareholders in 2026.

At year end 2025 the number of shareholders was 17, compared to 18 at year end 2024. The Company's ten largest shareholders at year-end 2025 are the following:

	Share*
Pólaris ehf	27,79%
Hafsilfur ehf.	9,36%
Sjávarberg ehf.	9,36%
Flatarberg ehf.	9,36%
Poleved Industrial Performance AB	6,61%
Patrick De Muynck	6,55%
Per Setterberg	6,50%
Klettur fjárfestingar ehf	6,49%
Alan John Inglis	3,31%
Simon John Wheatley	3,30%

* Shares taking into account own shares

The share capital of the Company amounted to ISK 5.152.896 at year-end 2025 as at year-end 2024. At the end of the year 2025 the Company holds own shares of a nominal value of ISK 396 thousand compared to ISK 360 thousand at the end of 2024. In 2025 the company purchased own shares from former employees. The nominal amount of the shares was ISK 36 thousand and the total amount paid for the shares was ISK 12,6 million.

The share capital is divided into two share classes, Class A shares and Class B shares. Class B shareholders have priority to dividend over Class A shareholders.

Dagar places a strong emphasis on integrating sustainability into its core operations, ensuring that business decisions and strategic planning consider the three fundamental pillars of sustainability: environment, society, and governance, as outlined in the ESRS standards. The company aims to ensure responsible operations, minimize risks, and strengthen trust among stakeholders.

Environmental Responsibility (E1, E2, E5)

Dagar is ISO 14001 certified and has established a clear environmental strategy focused on reducing its carbon footprint, minimizing pollution, and enhancing environmental responsibility across all operational areas. The Scope 1-3 carbon footprint was 86,7 tons of CO₂ in 2025, a reduction from 116,6 tons of CO₂ in 2024. Additionally, the carbon intensity decreased to 72 grams of CO₂ per service hour in 2025, compared to 86 grams in 2024.

Desirable Workplace (S1)

Dagar employs individuals from approximately 35 different nationalities and takes pride in being a multicultural company. We emphasize respect for diversity and our responsibility regarding education, training, and information flow. Dagar is committed to creating a safe and supportive work environment, with a clear policy and response plan addressing bullying, gender-based and sexual harassment, and workplace violence. Our goal is to be an attractive workplace and the first choice for employees in similar sectors, where equality, safety, education, and career development are our guiding principles.

Endorsement and Statement by the Board of Directors and the CEO, contd.:

Desirable Workplace (S1) (cont.)

Dagar was the first company to sign an agreement with Bara Tala, with around 200 employees using the app at any given time. In 2025, there were 270 active users of the Bara Tala app.

Service that Strengthens Relationships (S4)

Dagar aims to lead the market by providing outstanding service that strengthens business relationships. We conduct annual service surveys to measure customer satisfaction, gathering feedback from 500 customer representatives on various aspects of our service. The result of the 2025 service survey was 3.9 compared to 4.0 in 2024.

Innovation, Courage, and Initiative (G1)

Dagar fosters a positive company culture where employees feel a sense of belonging and have equal opportunities for growth and development. Monthly employee engagement surveys are conducted to measure factors related to employee well-being and experience, including growth opportunities, working conditions, job satisfaction, health, and overall well-being. Our goal is for job satisfaction to exceed 7.6, with a response rate of at least 60%. In 2025, the average job satisfaction was 7.8, and the response rate was 58%.

Dagar also promotes a positive procurement culture and influences the industry to ensure fair wages in large tenders. The Board of Directors has prepared an appendix to the Financial Statements on Non-Financial Reporting.

Corporate Governance

Dagar is a member of The Confederation of Icelandic Enterprise (SA) and The Federation of Trade & Services (SVP), a countrywide federation of companies in commerce and services in Iceland. Through the membership we promote a competitive business environment and a profitable, diverse and responsible business that improves everyone's standard of living.

The Board of Directors has prepared a Corporate Governance Statement in compliance with the Icelandic Financial Statements Act which are described in full in the Corporate Governance Statement that form an appendix to the Financial Statements.

Statement by the Board of Directors and CEO

The financial statements have been prepared in accordance with International Financial Reporting Standards (IFRSs) as adopted by the EU and additional Icelandic disclosure requirements.

According to our best knowledge, it is our opinion that these financial statements give a true and fair view of the financial performance of Dagar for the year 2025, its assets, liabilities and financial position as at 31 December 2025 and its cash flows for the year 2025.

Further, in our opinion, the financial statements and the Endorsement and Statement by the Board of Directors and the CEO give a fair view of the development and performance of Dagar's operations and its position and describe the principal risks and uncertainties faced by Dagar.

The Board of Directors and the CEO have today discussed the financial statements of Dagar hf. for the year 2025 and confirm them by means of their signatures.

Independent Auditor's Report

To the Board of Directors and Shareholders of Dagar hf.

Report on the Audit of the Financial Statements

Opinion

We have audited the financial statements of Dagar hf. ("the Company"), which comprise the statement of financial position as at December 31, 2025, and the statements of profit or loss and other comprehensive income, changes in equity and cash flows for the year then ended, and notes, comprising material accounting policies and other explanatory information.

In our opinion, the accompanying financial statements give a true and fair view of the financial position of the Company as at December 31, 2025, and of its financial performance and its cash flows for the year then ended in accordance with International Financial Reporting Standards (IFRSs) as adopted by the European Union and additional Icelandic disclosure requirement in accordance with Icelandic Financial Statement Act no. 3/2006.

Basis for Opinion

We conducted our audit in accordance with International Standards on Auditing (ISAs). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are independent of the Company in accordance with the ethical requirements that are relevant to audit of the financial statements in Iceland and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Responsibilities of the Board of Directors and CEO for the Financial Statements

The Board of Directors and CEO are responsible for the preparation and fair presentation of the financial statements in accordance with IFRSs as adopted by the European Union and additional Icelandic disclosure requirement in accordance with Icelandic Financial Statements Act no. 3/2006, and for such internal control as they determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the Board of Directors and CEO are responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless they either intend to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those charged with governance are responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with ISAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

Independent Auditor's Report, contd.:

Auditor's Responsibilities for the Audit of the Financial Statements, cont.:

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with The Board of Directors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

Report on Other Legal and Regulatory Requirements

Pursuant to the legal requirement under Article 104, Paragraph 2 of the Icelandic Financial Statements Act No. 3/2006, we confirm that, to the best of our knowledge, the report of the Board of Directors and CEO accompanying the financial statements includes the information required by the Financial Statements Act if not disclosed elsewhere in the financial statements.

Notes to the Financial Statements

1. Reporting entity

Dagar hf. ("the Company") is a limited liability company domiciled in Iceland. The address of the Company's registered office is Lyngás 17, Garðabær. The principal activities of the Company is the provision of cleaning, catering and real estate management services.

2. Basis of preparation

These financial statements have been prepared in accordance with the International *Financial Reporting Standards (IFRSs)* as adopted by the European Union and, as applicable, additional requirements of the Icelandic Act no. 3/2006 on Annual Financial Statements.

These financial statements have been prepared on the historical cost basis. Details of the Company's accounting policies are included in Note 21.

These financial statements have been authorised for issue by the Company's Board of Directors and the CEO on 24 March 2026.

3. Functional and presentation currency

The financial statements are prepared in Icelandic krónur (ISK), which is the Company's functional currency. All amounts have been rounded to the nearest thousand, unless otherwise indicated.

4. Use of judgements and estimates

In preparing these financial statements, management has made judgements and estimates that affect the application of the Company's accounting policies and the reported amounts of assets, liabilities, income and expenses. Actual results may differ from these estimates. Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to estimates are recognised prospectively.

5. Salaries and salary related expenses

Salaries and related expenses are specified as follows:

	2025	2024
Salaries	4.393.104	4.823.155
Contributions to defined contribution pension funds	536.060	584.111
Other salary-related expenses	427.151	431.268
Total salaries and related expenses	<u>5.356.315</u>	<u>5.838.535</u>
Average number of employees	521	588

6. Auditor's fee

	2025	2024
The fee paid to the Auditor's of the Company are specified as follows:		
Audit and review of financial statements	9.112	8.471
Other services	1.491	17.877
	<u>10.603</u>	<u>26.348</u>

Notes to the Financial Statements (continued)

7. Depreciation and amortisation

Depreciation and amortisation are specified as follows:

	2025	2024
Amortisation of intangible assets	39.010	12.156
Depreciation of property and equipment	59.685	58.381
Depreciation of leased assets	91.119	88.386
Total depreciation and amortisation	<u>189.815</u>	<u>158.923</u>

8. Finance income

Finance income is specified as follows:

	2025	2024
Interest revenue from accounts receivable	2.513	5.399
Interest revenue from bank accounts	8.850	12.300
Total finance income	<u>11.363</u>	<u>17.699</u>

9. Finance costs

Finance costs are specified as follows:

	2025	2024
Interest expense from long-term loans	87.115	86.880
Interest expense from short-term loans	7.564	25.519
Interest expense from lease liabilities	19.345	20.220
Net foreign exchange loss	374	108
Total finance costs	<u>114.398</u>	<u>132.727</u>

10. Income tax

i. Amounts recognised in the statement of profit or loss

	2025	2024
Current tax expense	12.384	54.540
Deferred tax expense	41.207	9.104
Tax expense	<u>53.591</u>	<u>63.644</u>

ii. Reconciliation of effective tax rate

	2025	2024
Profit before tax	233.373	252.792
Tax using the current tax rate	20,0% (46.675)	21,0% (53.086)
Effect of non-deductible interest	3,0% (6.904)	4,4% (10.997)
Effect of change in tax rate	0	361
Effect of other non-deductible expenses	0,0% (12)	0,0% 79
Effective tax rate	<u>23,0% (53.591)</u>	<u>25,3% (63.643)</u>

The income tax rate for the year 2025 is 20% (2024: 21%)

Notes to the Financial Statements (continued)

10. Income tax, cont.:

iii. Reconciliation of change in tax liability

Change in the tax liability during the period is specified as follows:	31.12.2025	31.12.2024
Deferred income tax liability as at 1.1.	7.274	34.343
Impact of change in accounting policy	0	(36.173)
Restated deferred income tax liability as at 1.1.	7.274	(1.830)
Calculated income tax on operations	53.591	63.644
Current tax liability	(12.384)	(54.540)
Deferred income tax liability as at 31.12.	48.481	7.274

iv. Reconciliation of tax liability

Deferred income tax liability is attributable to the following items:

Goodwill and intangible assets	18.152	21.852
Property and equipment	36.150	22.481
Leased assets	(5.829)	(5.379)
Inventory	331	486
Accounts receivable	(266)	2.175
Deferred currency effects	(57)	(41)
Impact of change in accounting policy	0	(34.300)
Deferred income tax liability	48.481	7.274

11. Goodwill and intangible assets

i. Reconciliation of carrying amounts

Goodwill and intangible assets are specified as follows:

	Goodwill	Software	Total
Cost			
Balance at 31.12.2023	1.503.134	111.256	1.614.390
Change in classification	(2.282)	(2.282)	(2.282)
Additions	0	70.621	70.621
Disposals	0	(45)	(45)
Balance at 31.12.2024	1.503.134	179.550	1.682.684
Additions	0	58.385	58.385
Balance at 31.12.2025	1.503.134	237.935	1.741.069

Balance at 31.12.2023	0	37.724	37.724
Amortisation	0	12.156	12.156
Balance at 31.12.2024	0	49.880	49.880
Amortisation	0	39.010	39.010
Balance at 31.12.2025	0	88.890	88.890
Carrying amounts			
At 1.1.2024	1.503.134	73.532	1.576.666
At 31.12.2024	1.503.134	129.670	1.632.804
At 31.12.2025	1.503.134	149.045	1.652.179
Annual amortisation ratios	Not amortised	20%	

Notes to the Financial Statements (continued)

11. Goodwill and intangible assets, cont.:

ii. Impairment test

The Company's goodwill arising upon acquisition is tested for impairment for the company as a whole as it is defined as one cash generating unit.

The recoverable amount for the cash generating unit is based on value in use. Value in use is determined by discounting the future cash flows generated from the continuing use of the unit. The cash flow projections included specific estimates for five years and a terminal growth rate thereafter. The budgeted EBITDA was estimated taken into account past experience. The key assumptions for evaluation of value in use are the revenue growth rate, EBITDA as a percentage of revenues and WACC.

The result of the impairment test is that the goodwill has not been impaired at year end 2025 and that the impairment test is not sensitive to changes in key assumptions.

12. Property and equipment

i. Reconciliation of carrying amounts

Property and equipment is specified as follows:

	Leashold improvements	Vehicles	Equipment and furniture	Total
Cost				
Balance at 31.12.2023	40.494	210.911	159.815	411.220
Change in classification	0	0	2.282	2.282
Additions	832	25.107	27.955	53.894
Disposals	0	(4.966)	(2.406)	(7.372)
Balance at 31.12.2024	41.326	231.052	187.646	460.024
Additions	0	17.160	20.019	37.180
Balance at 31.12.2025	41.326	248.212	207.665	497.204
Accumulated depreciation				
Balance at 31.12.2023	16.141	38.374	91.483	145.998
Depreciation	4.685	25.124	28.572	58.381
Disposals	0	(4.254)	(1.524)	(5.778)
Balance at 31.12.2024	20.826	59.244	118.531	198.601
Depreciation	4.357	25.392	29.936	59.685
Balance at 31.12.2025	25.184	84.636	148.466	258.287
Carrying amounts				
At 1.1.2024	24.353	172.537	68.332	265.222
At 31.12.2024	20.500	171.808	69.115	261.423
At 31.12.2025	16.142	163.576	59.199	238.917
Annual depreciation ratios	20 - 33%	10 - 20%	15-33%	

ii. Insurance value

The insurance value of the equipment and furniture amounted to ISK 250,0 million at 31 December 2025 (ISK 238,2 million at 31 December 2024).

Notes to the Financial Statements (continued)

13. Lease contracts

The Company leases various real estate and vehicles which it uses in its operations. All lease payments are denominated in ISK and are indexed to either the consumer price index or construction costs index. They are discounted using an incremental borrowing rate of 5% for real estate and 7-11,8% for vehicles. The remaining lease term at 31.12.2025 is between 0 and 5 years (31.12.2024: between 0 and 6 years). The Company's obligations under its leases are secured by the lessor's title to the leased assets. Generally, the Company is restricted from assigning and subleasing the leased assets. The lease contracts generally include extension and termination options.

Leased assets

Leased assets are specified as follows:

	Real estate	Vehicles	Total
Carrying amount at 1.1.2024	326.313	36.836	363.149
New lease contracts	0	13.888	13.888
Reassessment of lease term	0	28.184	28.184
Indexation of future lease payments	15.833	6.641	22.474
Depreciation	(55.329)	(33.057)	(88.386)
Carrying amount at 31.12.2024	286.817	52.492	339.309
Reassessment of lease term	52.362	(5.840)	46.522
Indexation of future lease payments	12.236	1.267	13.503
Depreciation	(66.762)	(24.357)	(91.119)
Carrying amount at 31.12.2025	284.653	23.562	308.215

Lease liabilities

Leased liabilities are specified as follows:

	Real estate	Vehicles	Total
Carrying amount at 1.1.2024	347.665	38.601	386.266
New lease contracts	0	13.888	13.888
Reassessment of lease term	0	28.184	28.184
Indexation of future lease payments	15.833	6.641	22.474
Interest expense	16.089	4.131	20.220
Payment of lease liabilities	(67.756)	(37.003)	(104.759)
Carrying amount at 31.12.2024	311.831	54.442	366.273
Reassessment of lease term	52.362	(5.840)	46.522
Indexation of future lease payments	12.236	1.267	13.503
Interest expense	16.069	3.276	19.345
Payment of lease liabilities	(80.512)	(27.703)	(108.215)
Carrying amount at 31.12.2025	311.986	25.442	337.428

Following is a maturity analysis of lease liabilities that shows the remaining contractual maturities based on undiscounted lease payments without taking into account future changes in indices:

	Real estate	Vehicles	Total
Repayments in 2026	84.364	19.061	103.425
Repayments in 2027	82.598	0	82.598
Repayments in 2028	80.722	0	80.722
Repayments in 2029	71.345	0	71.345
Repayments in 2030	29.758	0	29.758
Total	348.787	19.061	367.848

Notes to the Financial Statements (continued)

Amounts recognised in the statement of profit or loss

	2025	2024
Depreciation of leased assets	91.119	88.386
Interest expense on lease liabilities	19.345	20.220
Total	110.464	108.606

Amounts recognised in the cash flow statement

Interest portion of the lease payments (presented as part of the line "Interest paid")	(19.345)	(20.220)
Principal portion of lease payments (presented as "Payment of the principal portion of lease liabilities")	(88.870)	(84.538)
Total	(108.215)	(104.758)

Other information

14. Accounts receivable

Accounts receivable are specified as follows:

	2025	2024
Accounts receivable	296.512	258.658
Allowance for expected credit losses	(16.154)	(2.060)
	280.358	256.598

15. Cash and cash equivalents

Cash and cash equivalents are specified as follows:

	2025	2024
Bank accounts	134.306	151.557
	134.306	151.557

16. Equity

i. Share capital

The Company's share capital at 31 December 2025 amounted to ISK 5,152,896 (31 December 2024: ISK 5,152,896) according to its Articles of Association. Share capital with nominal value of ISK 396,373 was held by the Company as treasury shares at 31 December 2025 (31 December 2024: ISK 360,489). The treasury shares are presented as a deduction from the share capital in these financial statements.

The share capital is divided into two share classes, Class A shares amounting to ISK 379,432 nominal value and Class B shares amounting to 4.773.464 nominal value. The nominal value of each share is ISK 1 for both classes. Holders of these shares are entitled to one vote per share at shareholders meetings of the Company.

Class B shareholders have priority to dividend over Class A shareholders. The company has the right to redeem the Class B shares but shareholders of Class A shares are not subject to redemption unless otherwise stipulated by law. Class B shareholders will have priority over Class A shareholders in the event of distribution of the company's assets, such as in case of bankruptcy, winding-up, share capital decrease etc.

Notes to the Financial Statements (continued)

16. Equity cont.:

ii. Share premium

Share premium represents excess of payment above nominal value (ISK 1 per share) that shareholders have paid for shares. The balance of the share premium reserve can be used to offset losses not covered by other reserves.

iii. Statutory reserve

According to Icelandic Act no. 2/1995 on Public Limited Companies, at least 10% of the profit of the Company which is not devoted to meeting losses from previous years and is not contributed to other legal reserves must be contributed to the statutory reserve until the reserve amounts to 10% of the share capital. When that limit is reached the contribution must be at least 5% of the profit until the reserve amounts to 25% of the share capital of the Company.

iv. Capital management

The Company's policy is to maintain a strong capital base so as to maintain shareholders and creditors confidence and to sustain future development of the business. Management monitors the equity ratio and the return on capital.

17. Loans

The Company's long-term loans are specified as follows:

	2025	2024
Loans in ISK	766.606	871.688
Current maturities of long-term loans	(108.971)	(109.927)
Total long-term loans	<u>657.635</u>	<u>761.761</u>

Annual maturities of the Company's long-term loans at year end are specified as follows:

	2025	2024
In the year 2025	0	109.927
In the year 2026	108.971	107.913
In the year 2027	108.758	107.510
In the year 2028	106.923	106.304
In the year 2029	93.998	92.492
In the year 2030 / Later	<u>347.956</u>	<u>347.541</u>
	<u>766.606</u>	<u>871.688</u>

The terms of the loans include various provisions that limit certain actions by the Company without prior consulting with the lender. In addition the loan facilities include certain financial covenants. At year-end 2025 the Company fulfills all of the covenants in the loan agreements.

The company has pledged all inventory and accounts receivables as well as one bank account to secure payment of loans amounting to ISK 666,7 million at year end 2025. The book value of the pledge assets amounts to ISK 446 million at year end 2025.

Notes to the Financial Statements (continued)

18. Financial instruments and risk management

i. Financial risk management

The Company has exposure to the following risks arising from financial instruments:

- credit risk;
- liquidity risk; and
- interest rate risk.

Risk management framework

The Company's board of directors has overall responsibility for the establishment and oversight of the Company's risk management framework.

The Company's risk management policies are established to identify and analyse the risks faced by the Company, to set appropriate risk limits and controls and to monitor risks and adherence to limits. Risk management policies and systems are reviewed regularly to reflect changes in market conditions and the Company's activities. The Company, through its training and management standards and procedures, aims to maintain a disciplined and constructive control environment in which all employees understand their roles and obligations.

Credit risk

Credit risk is the risk of financial loss to the Company if a customer or counterparty to a financial instrument fails to meet its contractual obligations, and arises principally from the Company's accounts receivable. The carrying amounts of financial assets represent the maximum credit exposure.

Accounts receivable

The Company's exposure to credit risk is influenced mainly by the individual characteristics of each customer. However, management also considers the factors that may influence the credit risk of its customer base, including the default risk associated with the industry in which customers operate.

The Company's board of directors has established a credit policy under which each new customer is analysed individually for creditworthiness before the Company's standard payment and delivery terms and conditions are offered. The Company's review includes external ratings, if they are available, financial statements, credit agency information and industry information.

The Company limits its exposure to credit risk from accounts receivable by establishing a maximum payment period of one month.

In monitoring customer credit risk, customers are grouped according to their credit characteristics, including whether they are a wholesale, retail or end-user customer, their geographic location, industry, trading history with the Company and existence of previous financial difficulties.

The Company does not require collateral in respect of accounts receivable.

Liquidity risk

Liquidity risk is the risk that the Company will encounter difficulty in meeting the obligations associated with its financial liabilities that are settled by delivering cash or another financial asset. The Company's approach to managing liquidity is to ensure, as far as possible, that it will have sufficient liquidity to meet its liabilities when they are due, under both normal and stressed conditions, without incurring unacceptable losses or risking damage to the Company's reputation.

Notes to the Financial Statements (continued)

18. Financial instruments and risk management, cont.:

Liquidity risk (cont.)

The Company aims to maintain the level of its cash and cash equivalents at an amount in excess of expected cash outflows on trade payables and financial liabilities over the next 20 days.

In addition, the Company maintains secured short-term credit line in the aggregate amount of ISK 200 million.

The following are the remaining contractual maturities of financial liabilities at the reporting date. The amounts are gross and undiscounted, and include contractual interest payments and exclude the impact of netting agreements.

	Carrying amount	Contractual cash flows					More than 5 years
		Total	2 moths or less	2-12 months	1-2 years	2-5 years	
31. December 2025							
Long-term loans	766.606	1.044.612	31.470	153.815	333.787	525.540	0
Accounts payable	66.054	69.913	57.529	12.384	0	0	0
Other current liabilities	668.900	668.900	613.539	55.360	0	0	0
Lease contracts	337.428	367.848	18.100	85.325	163.320	101.103	0
	1.838.988	2.151.273	720.639	306.884	497.107	626.643	0

A maturity analysis for lease liabilities is disclosed in Note 13.

As disclosed in Note 17, the Company has a secured bank loan that contains covenants. A future breach of covenant may require the Company to repay the loan earlier than indicated in the above table. Under the agreement, the covenants are monitored on a regular basis by the finance manager and regularly reported to management to ensure compliance with the agreement.

The interest payments on variable interest rate loans in the table above reflect market forward interest rates at the reporting date and these amounts may change as market interest rates change. Except for these financial liabilities, it is not expected that the cash flows included in the maturity analysis could occur significantly earlier, or at significantly different amounts.

Interest rate risk

All of the Company's borrowings are on floating interests and the Company does not hedge specifically against interest rate risk.

At the reporting date the interest rate profile of the Company's interest bearing financial instruments is specified as follows:

	Carrying amount	
	31.12.2025	31.12.2024
Cash and cash equivalents	134.306	151.557
Financial liabilities	(766.606)	(871.688)
Net exposure	(632.300)	(720.131)

A change of 100 basis points in interest rates at the reporting date would increase (decrease) result after income tax by ISK 6,6 million (2024: ISK 5,5 million). This analysis assumes that all other variables remain constant.

Notes to the Financial Statements (continued)

19. Commitments

The company has pledged its cash and cash equivalents as well as accounts receivables and inventory to secure payment of its liabilities.

20. Related parties

Key personnel received no payments other than contractual salary payments during the year.

The Company had no business with related parties in the year 2025.

Salaries and benefits of the CEO's and the Board of Directors amount to ISK 50,3 million for the year 2025 (2024: ISK 43,0 million).

21. Change in accounting policy

The Company has changed its accounting policy for the recognition of wages relating to employees whose payroll period runs from the 21st to the 20th of each month. The change has no material effect on the Company's financial performance, but has been implemented to improve the matching of income and expenses in the Company's monthly financial reporting.

The effect of the change in accounting policy on the financial statements for the year ended 31 December 2025 is that liabilities are increased by ISK 165.4 million and profit is increased by ISK 4.9 million compared with the amounts that would have been reported under the previous accounting policy. Comparative figures have been restated accordingly.

Notes to the Financial Statements (continued)

22. Material accounting policies

The accounting policies set out in this note have been applied consistently to all periods presented in these financial statements and have been applied consistently by the Company.

a. Foreign currency transactions

Monetary assets and liabilities denominated in foreign currencies are translated into the functional currency at the exchange rate at the reporting date. Non-monetary assets and liabilities that are measured at fair value in a foreign currency are translated into the functional currency at the exchange rate when the fair value was determined. Non-monetary items that are measured based on historical cost in a foreign currency are translated at the exchange rate at the date of the transaction. Foreign currency differences are recognised in the statement of profit or loss and presented in one line on a net basis, whereby positive net currency differences are presented as part of the line "Finance income" and negative net currency differences are presented as part of the line "Finance costs".

b. Revenue recognition from contracts with customers

i. The core principle

The core principle is that the Company recognises revenue in the way that depicts the transfer of the goods or services to the customer at the amount to which the Company expects to be entitled in exchange for those goods or services.

ii. The five step model of revenue recognition

The Company implements the core principle of revenue recognition by applying a five step, contract-based model to recognise and measure revenue from contracts with customers. The five steps are the following:

- Step 1: Identify the contract
- Step 2: Identify the performance obligations in the contract
- Step 3: Determine the transaction price
- Step 4: Allocate the transaction price to the performance obligations in the contract
- Step 5: Recognise revenue

The performance obligation of the Company consist of providing cleaning, catering and property management services to its customers, which simultaneously receive and consume the benefits provided by the Company's performance as the Company performs. Therefore, the Company recognises revenue in the statement of profit or loss over time, as it fulfills its performance obligations by providing the services to its customers.

In general, the Company has a right to consideration from its customers in an amount that corresponds directly with the value to the customers of the Company's performance completed to date. In such cases the Company recognises revenue in the amount to which the Company has a right to invoice. The Company usually issues invoices at the beginning of each month and the invoices are payable by the customers by the end of the month in which they are issued.

The Company recognises the training costs incurred to fulfil a contract with a customer as an expense when incurred.

c. Employee benefits

i. Short-term employee benefits

Short-term employee benefits are expensed when the related service is provided. A liability is recognised for the amount expected to be paid if the Company has a present legal or constructive obligation to pay this amount as a result of past service provided by the employee and the obligation can be estimated reliably.

ii. Defined contribution plans

Obligations for contributions to defined contribution plans are expensed when the related service is provided.

Notes to the Financial Statements (continued)

21. Material accounting policies contd.:

d. Finance income and finance costs

The Company's finance income and finance costs include interest revenue, interest expense and foreign exchange gains and losses.

e. Income tax

Income tax on the results for the year consist of current tax and deferred tax. Income tax is recognised in the income statement except to the extent that it relates to items recognised directly in equity or in other comprehensive income, in which case it is recognised among those items.

i. Current tax

Current tax is the expected tax payable on the taxable income for the year, using tax rates enacted at the reporting date, in addition to adjustments made to current tax of previous years. The income tax rate for the year 2024 is 21 % but it will be reduced back to 20% for the year 2025.

ii. Deferred tax

A deferred tax liability is recognised in the financial statements. It's calculation is based on the difference in balance sheet items, according to the tax return, on the one hand, and the financial statements, on the other hand. The difference thus arising is due to the fact that the tax assessment is based on premises other than the Company's financial statements and is in main respect a temporary difference as expenses are entered in the financial statement in another period than in the tax return. Calculation of deferred tax is based on the expected tax rate when temporary differences are estimated to be reversed based on current law at the reporting date.

f. Inventories

Inventories are measured at the lower of cost and net realisable value. The cost of inventories is based on the first-in-first-out (FIFO) principle of inventory valuation and includes cost incurred in acquiring the inventories and bringing them to their existing location and condition.

g. Property and equipment

i. Recognition and measurement

Items of property and equipment are measured at cost, which includes capitalised borrowing costs, less accumulated depreciation and any accumulated impairment losses.

If significant parts of an item of property and equipment have different useful lives, then they are accounted for as separate items (major components) of property and equipment.

Any gain or loss on disposal of an item of property and equipment (calculated as the difference between the net proceeds from disposal and the carrying amount of the item) is recognised in the statement of profit or loss.

ii. Subsequent expenditure

Subsequent expenditure is capitalised only if it is probable that the future economic benefits associated with the expenditure will flow to the Company. Ongoing repairs and maintenance is expensed as incurred.

Notes to the Financial Statements (continued)

21. Material accounting policies contd.:

g. Property and equipment, con.:

iii. Depreciation

Depreciation is calculated to write off the cost of items of property and equipment less their estimated residual values using the straight-line method over their estimated useful lives, and is generally recognised in the statement of profit or loss.

The estimated useful lives of property and equipment for current and comparative periods are as follows:

Leasehold improvements	4 years
Vehicles	5 - 7 years
Equipment and furniture	3 - 7 years

Depreciation methods, useful lives and residual values are reviewed at each reporting date and adjusted if appropriate.

h. Intangible assets and goodwill

i. Recognition and measurement

Goodwill

Goodwill arising on the acquisition of subsidiaries is measured at cost less accumulated impairment losses. Goodwill is allocated to one cash-generating unit and is tested annually for impairment.

Software

Software is measured at cost less accumulated amortisation.

ii. Subsequent expenditure

Subsequent expenditure is capitalised only when it increases the future economic benefits embodied in the specific asset to which it relates. All other expenditure, including expenditure on internally generated goodwill and brands, is recognised in the statement of profit or loss as incurred.

iii. Amortisation

Amortisation is calculated to write off the cost of intangible assets less their estimated residual values using the straight-line method over their estimated useful lives, and is generally recognised in the statement of profit or loss. Goodwill is not amortised.

The estimated useful lives for current and comparative periods are as follows:

Software	3 years
----------------	---------

Amortisation methods, useful lives and residual values are reviewed at each reporting date and adjusted if appropriate.

i. Financial instruments

i. Recognition and initial measurement

Trade receivables and debt issued are initially recognised when they are originated. All other financial assets and financial liabilities are initially recognised when the Company becomes a party to the contractual provisions of the instrument.

A financial asset (unless it is a trade receivable without a significant financing component) or financial liability is initially measured at fair value plus, for an item not at fair value through profit or loss ("FVTPL"), transaction costs that are directly attributable to its acquisition or issue. A trade receivable without a significant financing component is initially measured at the transaction price.

Notes to the Financial Statements (continued)

21. Material accounting policies contd.:

i. Financial instruments, cont.:

ii. Classification and subsequent measurement

Financial assets

Financial assets – Subsequent measurement and gains and losses:

These assets are subsequently measured at amortised cost using the effective interest method. The amortised cost is reduced by impairment losses. Interest income, foreign exchange gains and losses and impairment are recognised in the statement of profit or loss. Any gain or loss on derecognition is recognised in the statement of profit or loss.

Financial liabilities

On initial recognition, a financial liability is classified as:

Financial liability at amortised cost. These financial liabilities are subsequently measured at amortised cost using the effective interest method. Interest expense and foreign exchange gains and losses are recognised in the statement of profit or loss. Any gain or loss on derecognition is also recognised in the statement of profit or loss.

j. Share capital

i. Common shares

Incremental costs directly attributable to the issue of common shares are recognised as a deduction from equity. Income tax relating to transaction costs of an equity transaction is accounted for in accordance with IAS 12 *Income taxes*.

ii. Repurchase and reissue of common shares (treasury shares)

When shares recognised as equity are repurchased, the amount of the consideration paid, which includes directly attributable costs, is recognised as a deduction from equity. Repurchased shares are classified as treasury shares and are presented as a deduction from share capital. When treasury shares are sold or reissued subsequently, the amount received is recognised as an increase in equity and the resulting surplus or deficit on the transaction is presented within share premium.

k. Impairment

At each reporting date, the Company assesses whether financial assets carried at amortised cost and debt securities at FVOCI are credit-impaired. A financial asset is 'credit-impaired' when one or more events that have a detrimental impact on the estimated future cash flows of the financial asset have occurred.

Loss allowances for financial assets measured at amortised cost are deducted from the gross carrying amount of the assets.

Notes to the Financial Statements (continued)

21. Material accounting policies contd.:

k. Impairment, cont.:

i. Non-derivative financial assets

Write-off

The gross carrying amount of a financial asset is written off when the Company has no reasonable expectations of recovering a financial asset in its entirety or a portion thereof. For individual customers, the Company has a policy of writing off the gross carrying amount when the financial asset is 180 days past due based on historical experience of recoveries of similar assets. For corporate customers, the Company individually makes an assessment with respect to the timing and amount of write-off based on whether there is a reasonable expectation of recovery. The Company expects no significant recovery from the amount written off. However, financial assets that are written off could still be subject to enforcement activities in order to comply with the Company's procedures for recovery of amounts due.

ii. Non-financial assets

At each reporting date, the Company reviews the carrying amounts of its non-financial assets (other than inventories and deferred tax assets) to determine whether there is any indication of impairment. If any such indication exists, then the asset's recoverable amount is estimated. Goodwill is tested annually for impairment.

For impairment testing, assets are Companyed together into the smallest Company of assets that generates cash inflows from continuing use that are largely independent of the cash inflows of other assets ("cash-generating units", "CGUs"). Goodwill arising from a business combination is allocated to CGUs or Companys of CGUs that are expected to benefit from the synergies of the combination.

The recoverable amount of an asset or CGU is the greater of its value in use and its fair value less costs to sell. Value in use is based on the estimated future cash flows, discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset or CGU.

An impairment loss is recognised if the carrying amount of an asset or CGU exceeds its recoverable amount.

Impairment losses are recognised in the statement of profit or loss. They are allocated first to reduce the carrying amount of any goodwill allocated to the CGU, and then to reduce the carrying amounts of the other assets in the CGU on a pro rata basis.

An impairment loss in respect of goodwill is not reversed. For other assets, an impairment loss is reversed only to the extent that the asset's carrying amount does not exceed the carrying amount that would have been determined, net of depreciation or amortisation, if no impairment loss had been recognised.

I. Provisions

Provisions are determined by discounting the expected future cash flows at a pre-tax rate that reflects current market assessments of the time value of money and the risks specific to the liability. The unwinding of the discount is recognised as finance cost.

Notes to the Financial Statements (continued)

21. Material accounting policies contd.:

m. Lease contracts

i. Identifying a lease

At inception of a contract, the Company assesses whether a contract is, or contains, a lease. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. To assess whether a contract conveys the right to control the use of an identified asset, the Company uses the definition in IFRS 16.

ii. The Company as a lessee

At the commencement date of a lease contract, the Company recognises a right-of-use asset (labelled as "Leased asset" in these financial statements) and a lease liability in the statement of financial position. The leased asset is initially measured at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or before the commencement date, plus any initial direct costs incurred and an estimate of costs to dismantle and remove the underlying asset or to restore the underlying asset or the site on which it is located, less any lease incentives received.

The leased asset is subsequently depreciated using the straight-line method from the commencement date to the earlier of the end of the useful life of the leased asset or the end of the lease term. The estimated useful lives of leased assets are determined on the same basis as those of property and equipment. In addition, the leased asset is periodically reduced by impairment losses, if any, and adjusted for certain remeasurements of the lease liability.

The lease liability is initially measured at the present value of the lease payments that are not paid at the commencement date, discounted using the interest rate implicit in the lease or, if that rate cannot be readily determined, the Company's incremental borrowing rate. Generally, the Company uses its incremental borrowing rate as the discount rate.

Lease payments included in the measurement of the lease liability comprise the following:

- Fixed payments, including in-substance fixed payments;
- Variable lease payments that depend on an index or a rate, initially measured using the index or rate as at the commencement date;
- Amounts expected to be payable under a residual value guarantee; and
- The exercise price under a purchase option that the Company is reasonably certain to exercise, lease payments in an optional renewal period if the Company is reasonably certain to exercise an extension option, and penalties for early termination of a lease unless the Company is reasonably certain not to terminate early.

Variable lease payments that are based on sales or usage of the underlying assets are not included in the measurement of the lease liability, except to the extent that they are accrued and unpaid at the reporting date. Variable lease payments that are based on sales or usage of the underlying assets are expensed in the statement of profit or loss as they accrue and presented in the line "Other operating expenses".

Subsequent to initial recognition, the carrying amount of the lease liability is increased by the interest on the lease liability and decreased by the lease payments made. Furthermore, the carrying amount of the lease liability is remeasured when there is a change in future lease payments arising from a change in an index or rate, if there is a change in the Company's estimate of the amount expected to be payable under a residual value guarantee, or if the Company changes its assessment of whether it will exercise a purchase, extension or termination option. When the lease liability is remeasured in this way, a corresponding adjustment is made to the carrying amount of the leased asset, or is recorded in the statement of profit or loss if the carrying amount of the leased asset has been reduced to zero.

Notes to the Financial Statements (continued)

21. Material accounting policies contd.:

m. Lease contracts, cont.:

The Company determines the lease term as the non-cancellable period of a lease contract together with periods covered by options to extend the lease, if the Company is reasonably certain to exercise those options, and periods covered by termination options, if the Company is reasonably certain not to exercise those options. Management uses its judgement to determine whether the Company is reasonably certain to exercise extension options or not to exercise termination options. When making that determination management considers all relevant facts and circumstances that create an economic incentive for the Company to exercise extension options or not to exercise termination options.

Leased assets are presented separately within non-current assets in the statement of financial position. Lease liabilities are presented separately in the statement of financial position and split into non-current and current portions. Depreciation of leased assets is presented in the statement of profit or loss as part of the line "Depreciation and amortisation". Interest expense on lease liabilities is presented in the statement of profit or loss as part of the line "Finance costs".

The Company has elected not to recognise leased assets and lease liabilities for leases that have a lease term of 12 months or less and leases of low-value assets. The Company recognises the lease payments associated with these leases as an expense on a straight-line basis over the lease term.

n. Related parties

The Company considers the following to be related parties:

- (a) A person or a close member of that person's family, if that person:
 - (i) Has control or joint control of the Company;
 - (ii) Has significant influence over the Company; or
 - (iii) Is a member of the key management personnel of the Company.
- (b) An entity, if any of the following conditions applies:
 - (i) The entity and the Company are members of the same Company.
 - (ii) One entity is an associate or joint venture of the other entity (or an associate or joint venture of a member of a Company of which the other entity is a member).
 - (iii) The entity and the Company are joint ventures of the same third party.
 - (iv) One entity is a joint venture of a third entity and the other entity is an associate of the third entity.
 - (v) The entity is a post employment benefit plan for the benefit of employees of either the Company or an entity related to the Company.
 - (vi) The entity is controlled or jointly controlled by a person identified in (a).
 - (vii) A person identified in (a)(i) has significant influence over the entity or is a member of the key management personnel of the entity (or of a parent of the entity).
 - (viii) The entity, or any member of a Company of which it is a part, provides key management personnel services to the Company.

o. Fair value measurement

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date in the principal or, in its absence, the most advantageous market to which the Company has access at that date. The fair value of a liability reflects its non-performance risk.

A number of the Company's accounting policies and disclosures require the measurement of fair values, for both financial and non-financial assets and liabilities.

Notes to the Financial Statements (continued)

21. Material accounting policies contd.:

o. Fair value measurement, cont.:

When one is available, the Company measures the fair value of an instrument using the quoted price in an active market for that instrument. A market is regarded as active if transactions for the asset or liability take place with sufficient frequency and volume to provide pricing information on an ongoing basis.

If there is no quoted price in an active market, then the Company uses valuation techniques that maximise the use of relevant observable inputs and minimise the use of unobservable inputs. The chosen valuation technique incorporates all of the factors that market participants would take into account in pricing a transaction.

If an asset or a liability measured at fair value has a bid price and an ask price, then the Company measures assets and long positions at a bid price and liabilities and short positions at an ask price.

The best evidence of the fair value of a financial instrument on initial recognition is normally the transaction price – i.e. the fair value of the consideration given or received. If the Company determines that the fair value on initial recognition differs from the transaction price and the fair value is evidenced neither by a quoted price in an active market for an identical asset or liability nor based on a valuation technique for which any unobservable inputs are judged to be insignificant in relation to the measurement, then the financial instrument is initially measured at fair value, adjusted to defer the difference between the fair value on initial recognition and the transaction price. Subsequently, that difference is recognised in the statement of profit or loss on an appropriate basis over the life of the instrument but no later than when the valuation is wholly supported by observable market data or the transaction is closed out.

p. Presentation

The Company does not have any items of income or expense that must be recognised in other comprehensive income. As a result, the Company does not present other comprehensive income as a separate section in the statement of profit or loss nor in a separate statement presenting comprehensive income. Furthermore, the comprehensive income for the period (being the total of profit or loss and other comprehensive income) is the same as profit or loss for the period. In addition, since there are no non-controlling interests, the entire amount of profit or loss for the period is attributable to the owners of the Company.

r. Standards issued but not yet effective

A number of new standards are effective for annual reporting periods beginning after 1 January 2024 and earlier application is permitted. However, the Company has not early adopted the following new or amended accounting standards in preparing these financial statements.

IFRS 18 will replace IAS 1 *Presentation of Financial Statements* and applies for annual reporting periods beginning on or after 1 January 2027. The new accounting standard introduces the following key new requirements:

- Entities are required to classify all income and expenses into five categories in the statement of profit or loss, namely the operating, investing, financing, discontinued operations and income tax categories. Entities are also required to present a newly-defined operating profit subtotal. Entities' net profit will not change.
- Management-defined performance measures (MPMs) are disclosed in a single note in the financial statements.
- Enhanced guidance is provided on how to group information in the financial statements.

In addition, all entities are required to use the operating profit subtotal as the starting point for the statement of cash flows when presenting operating cash flows under the indirect method. The Company is still in the process of assessing the impact of the new standard.

The following new and amended accounting standards are not expected to have a significant impact on the Company's financial statements.

- Classification and Measurement of Financial Instruments (Amendments to IFRS 9 and IFRS 7).
- Contracts Referencing Nature-dependent electricity (Amendments to IFRS 9 and IFRS 7)

Notes to the Financial Statements (continued)

22. Carbon Footprint and Emission Intensity *

Dagar has identified the core resources contributing to the carbon emission from its activities. The Festa – climate pulse (<https://climatepulse.is/>) is used to calculate the carbon foot print:

		2025 Usage	2024 Usage	YoY %		2025 tCO2	2024 tCO2	YoY %	
Scope 1						70,2	98,5	-28,3	-0,3
<i>Petrol</i>	ltr	11.974	18.621	-6.648 -36%		33,4	43,6	-10,2	-23%
<i>Disel oil</i>	ltr	13.148	19.712	-6.563 -33%		35,8	53,6	-17,9	-33%
<i>Taxi</i>	km	6.991	8.446	-1.455 -17%		1,1	1,3	-0,2	-17%
Scope 2						7,5	8,1	-0,6	-8%
<i>Electricity</i>	kWh	412.289	471.585	-59.296 -13%		4,2	4,0	0,1	3%
<i>Hot water</i>	cbm	7.632	9.349	-1.717 -18%		3,3	4,1	-0,7	-18%
Scope 3						9,0	10,0	-1,0	-10%
<i>Over seas flight</i>	kg CO2	3.210	2.364	846 36%		3,2	5,5	-2,3	-42%
<i>Domestic flight</i>	legs	27	30	-3 -10%		1,0	1,1	-0,1	-10%
<i>Waste</i>	Tons	6	5	1 22%		4,8	3,2	1,6	50%
<i>Biomass</i>	Tons	1	1	0 37%		0,0	0,1	-0,1	-79%
Scope 1 - 3						86,7	116,6	-29,9	

Table 1 - The key resources impacting the carbon footprint of Dagar and the associated footprint

	2025	2024	2023
Carbon Intensity			
tCO2	86,7	116,6	202,9
Service hours	1.085.337	1.223.016	1.181.417
gCo2/Service hours	72	86	156
	-16%	-45%	

Table 2 - The Emission intensity per annum form 2023 - 2025

* The information in the tables above has not been audited.

Corporate Governance Statement

Dagar hf. complies with the laws and regulations that apply to its operations.

The Board of Directors of the company is composed of Benedikt Einarsson, Patrick De Muynck and Petrea Ingileif Guðmundsdóttir and thus fulfils the requirements regarding gender balance on the board, according to paragraph 1 of Article 63 of the Act on Public Limited Companies. The board has scheduled eleven regular meetings each year, but in addition to that, extra meetings are held when necessary.

To ensure that appropriate information is provided to the Board of Directors on the operation and financial position of the Company, monthly reports are prepared on the operating results and other key matters of the Company's operations, which are submitted to the Board of Directors. The division of tasks and responsibilities of the Board of Directors and the Managing Director are in accordance with the Act on Public Limited Companies. The responsibilities of the Managing Director are further explained in the Managing Director's employment contract as well as in the Board's policies, decisions and instructions at any given time.

The company does not deem it necessary to have a specific policy on diversity. The company has a policy on equality as further explained in the appendix on Non-Financial Reporting.

Internal control and risk management

It is the responsibility of the Board of Directors and the Managing Director to form the strategy, set goals and define the company's risk criteria, both in the short and long term, and at the same time to establish an effective system of internal control. The objective of internal control is to ensure the best possible efficiency in operations, reliable information and compliance with laws and regulations.

There is no internal auditor employed by the company, but external auditors are elected for a term of one year at a time at the Annual General Meeting. The Company's financial statements are audited in accordance with international auditing standards. The Board of Directors receives an annual report from the auditors with the main audit findings.

The Board of Directors sets the company's risk policy and the Managing Director is responsible for the implementation of the risk policy and risk management in the day-to-day operations of the company and is responsible for the effectiveness of risk management towards the board.

Further information on matters related to risk management is disclosed in note 18.

Non-Financial Reporting

Business Model

Dagar is a well-established company, specializing in cleaning services and property management. The company employs approximately 700 individuals across the country. The goal is to be at the forefront of cleaning, property management, and workplace solutions in terms of service level, safety, and innovation. The company places a strong emphasis on integrating sustainability into its core operations, ensuring that business decisions and strategic planning are made with consideration of the three fundamental pillars of sustainability: environment, society, and governance.

We build our operations on the foundation that the company generates financial value without depleting societal and environmental resources. The core pillars of sustainability— environment, society, and governance— are considered in all major decision-making processes. Dagar is a leading company in sustainability, creating a safe and inspiring work environment. The company emphasizes respect for both the environment and people and serves as a role model in implementing new and sustainable solutions. By focusing on training and professional development, Dagar ensures that all employees achieve their goals and contribute to a strong collective.

Sustainability and Due Diligence Process

In 2024, Dagar mapped its value chain and stakeholders to identify risks within the company's internal and external environment. Dagar approaches sustainability from a double materiality perspective and conducted a double materiality assessment in 2024. Through that assessment, an evaluation was made of how sustainability factors related to environmental, social, and governance (ESG) issues affect the company's operations, and how Dagar impacts those factors. Based on these foundational pillars, the framework for informed and targeted decision-making has been established.

Dagar has set measurable sustainability goals and follows an action plan to achieve those objectives. Dagar's annual sustainability report presents the company's sustainability goals and performance.

Dagar's strategy is based on the five ESRS standards that were identified as the most significant in the materiality assessment. These are; Climate Change (E1), Pollution (E2), Circular Economy (E5), Workforce (S1), Consumers and End-users (S4), Business conduct (G1).

Environmental Factors (E)

Since 2022, Dagar has had a clear environmental strategy aimed at reducing its carbon footprint, minimizing pollution, and increasing environmental responsibility across all areas of operation. This strategy is based on goals, actions, and key performance indicators that cover the company's main operational sectors. Dagar can create positive environmental impacts through its product and service offering, and the company is committed to doing so. Dagar emphasizes environmentally friendly solutions and offers customers certified cleaning products and sustainable practices that reduce negative environmental impacts.

The Nordic Swan Ecolabel is a well-recognized environmental label in the Nordic countries. Dagar's cleaning services have been Nordic Swan Ecolabel certified since 2009 and in 2025, we became the first company to complete the re-certification process under the newly updated and more stringent criteria. Both these certifications support Dagar in setting ambitious environmental targets and confirm the company's commitment to environmentally responsible practices throughout the entire life cycle of its services.

Climate Change (E1)

Dagar uses 2019 as the baseline year for its emissions accounting. Since then, the company's total emissions have decreased by 68%. Approximately 81% of its measured carbon footprint is attributable to Scope 1 emissions, which is why Dagar places strong emphasis on energy transition within its own operations. By the end of 2025, around 60% of the company's vehicle fleet consisted of electric vehicles. As a result of this electrification, Scope 1 emissions have been reduced by 73% compared with 2019. Dagar's goal is for 100% of the fleet to be electric vehicles by 2020.

Non-Financial Reporting, contd.:

Pollution and Chemical Usage (E2)

Dagar puts emphasis on using exclusively environmentally certified cleaning products. In 2024, Dagar introduced a new cleaning product line for daily cleaning, developed from plant-based ingredients and certified with both the EU Ecolabel and Cradle Gold. This step enables us to implement even more sustainable cleaning practices while ensuring a safer working environment for our employees and our customers.

Circular Economy and Waste (E5)

In recent years, Dagar has worked systematically to reduce waste volumes and increase recycling rates. Employees receive training on waste sorting procedures, and strong emphasis is also placed on correct waste sorting at customer sites. Recycling rate for 2025 was 58%, which is an increase between years. Dagar's policy is to further enhance recycling efforts and reduce waste so that the recycling rate reaches 75% by 2027.

Workforce (S1)

Desirable Workplace

Dagar's goal is to be an attractive workplace and the first choice for employees in similar sectors, where equality, safety, education, and career development are the guiding principles.

Equality and Diversity

Dagar's equality policy is based on ensuring that employees are not discriminated against on the grounds of race, religion, beliefs, disability, age, sexual orientation, or gender identity. The aim of the policy is to maintain equality and equal opportunities for all. We emphasize professional conduct, and that everyone is treated with respect and fairness. Dagar employs individuals of approximately 35 different nationalities, and we are proud to be a multicultural company. We emphasize respect for diversity and our responsibility regarding education, training, and the flow of information. Dagar offers all its employees Icelandic language courses through the Bara tala Icelandic learning app. Dagar was the first company to sign an agreement with Bara tala, and has at any given time around 200 employees using the app. In 2025, there were 270 active users in the Bara tala app.

Dagar was one of the first companies in Iceland to receive equal pay certification, and we have renewed our certification for the period 2024-2027, reaffirming our commitment to equal pay for equal work. In 2025, the gender pay gap stood at 0.1% in favor of women.

Dagar is committed to creating a safe and supportive work environment and has a clear policy and response plan regarding bullying, gender-based and sexual harassment, and workplace violence. With clear priorities, we ensure that Dagar remains in a workplace where equality, well-being, and career development are at the forefront.

Health and safety

Employee safety is a critically important aspect of Dagar's operations. Workplace accidents and near-miss incidents are recorded and monitored. In 2026, increased emphasis will be placed on strengthening employees' safety awareness to support continuous improvement in occupational safety. The Dagar app includes a dedicated health section that provides employees with access to a wide range of health-related information, including physical activity, nutrition, and mental well-being. Dagar collaborates with Heilsuvernd and Auðnast, and through these partnerships receives support in maintaining a strong and leading approach to occupational health and workplace well-being.

Training and Education

All Dagar employees have access to the Dagar app, which serves as a platform for internal communication, training, and education. In 2025 a strong focus was placed on encouraging employees to actively use the Dagar app and that will continue to be a focus point.

Consumers and End Users (S4)

Dagar goal is to be a leader in our market by providing outstanding service that strengthens business relationships. One of Dagar guiding principles is our belief in collaboration, responsibility, and offering tailored comprehensive solutions.

To formally recognize employee contributions, Dagar presents the Golden Smile award twice a year. The award is granted to employees who demonstrate outstanding service and is based on positive customer feedback as well as peer nominations highlighting exceptional performance.

Each year, Dagar conducts a customer satisfaction survey to assess customer experience and overall satisfaction. The results are used to identify trends and inform continuous improvements in service delivery and customer collaboration. In 2025, the overall satisfaction score was 3.9.

Business Conduct (G1)

Company Culture

Dagar actively fosters a positive corporate culture where employees feel a sense of belonging and have equal opportunities to grow and develop. Monthly employee engagement surveys are conducted to measure various factors related to employee well-being and experience. These include growth opportunities, working conditions, job satisfaction, health and well-being. Our goal is for job satisfaction to exceed 7.6 and for a response rate of at least 60%. In 2025 the average job satisfaction was 7.8 and the response rate was 58%. All employee engagement initiatives are aligned with these targets and are designed to support employee well-being, strengthen engagement, and enhance overall job satisfaction through continuous improvement.

Social Impact

Dagar supports a positive procurement culture through its influence and contributes to ensuring that the industry pays fair wages in large tenders. During 2025, Dagar and its representatives actively participated in seminars, conferences, and discussions addressing governance, procurement, wage matters, and sustainability in the service sector. Representatives of Dagar also served on working groups and committees under the Confederation of Icelandic Enterprise, the Federation of Trade and Services, and other labor market stakeholders. In addition, Dagar maintains regular dialogue with trade unions and key stakeholders, with the aim of promoting sound governance practices and positive societal impact.

Ethics

Dagar operates in accordance with a Code of Ethics that defines key principles related to ethical conduct and integrity in business operations. The code serves as a guiding framework for employee conduct, behavior, and attitudes. It applies to all Dagar employees and forms part of the terms of employment.

Disclosure and Transparency

Dagar publishes an annual sustainability report. In recent years, Dagar has placed increased emphasis on sustainable and transparent communication with both internal and external stakeholders.
